

## Table of Contents

<b>Mina Taghizadeh, Iman Shahrjerdi, Maryam Ahsani</b> - Compare the different media on the growth characteristics of sports turf	1
<b>Costescu Adriana, Tița I.</b> - Romanian tomatoes obtained from INCDBH Ștefănești-Argeș	7
<b>Bădulescu Adriana</b> - Profitability of cultivation table grapes at INCDBH Ștefănești-Argeș	11
<b>Ciulca Adriana, Madosa E., Velicevici Giancarla, Popescu Sorina, Ciulca S.</b> - Study of the inheritance of hull content in a six-parent half diallel cross of winter barley	15
<b>Ciulca Adriana, Madosa E., Velicevici Giancarla, Ciulca S.</b> - The express manner of thousand grains weight in F <sub>1</sub> hybrids of winter barley	19
<b>Borozan Aurica Breica, Cojocariu Luminita, Horablaga M., Misca Corina Dana, Moldovan Camelia, Raba Diana, Dogaru Diana</b> - Bacterial variation response depending on cultivated plant	24
<b>Borozan Aurica Breica, Cojocariu Luminita, Horablaga M., Misca Corina Dana, Dogaru Diana, Bordean Despina, Moldovan Camelia</b> - The influence of some plants from graminaceae and vegetables on actinomycetae quantitative evolution	27
<b>Alda Liana Maria, Gogoasa I., Alda S., Bordean Maria Despina, Cristea T., Danci M., and Gergen I.</b> - Analysis of Magnesium Contents in <i>Zea mays</i> , <i>Beta vulgaris</i> , <i>Medicago sativa</i> , <i>Cirsium arvense</i> and <i>Agropyron repens</i>	30
<b>Alda Liana Maria, Gogoasa I., Alda S., Moigradean Diana, Bordean Despina Maria, Rada Maria, Cristea T. and Gergen I.</b> - Monitoring the lycopene content in some fruits and vegetables	33
<b>Ardelean Alina Grigorița</b> - Research on the differentiation of accumulation of dry matter and nutrients in the foliary-fertilized tomato plant grown in the field	37
<b>Ardelean Alina Grigorita</b> - Research regarding the foliar fertilizations upon the agro-chemical indices from tomato plants cultivated in greenhouses	43
<b>Cârciu D.V., Manea D.N.</b> - Weeding level in grain maize in the area adjacent to the perimeter of the Barzava River	47
<b>Blaj R.</b> - Ecotourism and nature tourism – components of a sustainable management of forests	51
<b>Coradini R., Madoșă E., Petrescu Irina, Coradini Cristina</b> - Change of hue and intensity of color during the fermentation in case of must obtained from various varieties of red grapes from Minis-Maderat Winery	55
<b>Olaru Daniela Nicoleta, Iordănescu Olimpia Alina, Bradia (Blidariu) Daniela Raluca, Blidariu Aurelia</b> - Research on walnut germoplasm in Western Romania	63

<b>Olaru Daniela Nicoleta, Iordănescu Olimpia Alina, Bernad Elena, Răveanu Silvia Daniela, Turc Alina, Tinei V.</b> - Fruit quality in apple tree in the soil and climate conditions of the Didactic Station of Timisoara, Romania	66
<b>Petrisor Cristina</b> - Assessment of apricot color and quality changes using color indices	70
<b>Luca Roxana, Camen D., Danci M., Petolescu Cerasela</b> - Research regarding the influence of culture conditions upon the main physiological indices at Paulownia shan tong	74
<b>Bozac P., Botau Dorica, Ciulca S.</b> - The influence of MGA and NS media over the isolation of <i>Fusarium</i> colonies from infected wheat seeds	78
<b>Pîrvulescu P., Botău Dorica, Ciulca S., Madosa E., Alexa Ersilia</b> - Researches regarding the quality of some sprouted grain flours	83
<b>Oproi E., Madosa E.</b> - Germination of Different Wheat Cultivars under Salinity Conditions	89
<b>Panduru Alina, Cîrciu G.</b> - Studies regarding the content of inorganic compounds (phosphates, sulphates, chlorides) long ways Timis river basin	93
<b>Schneemann N.M., Cârciu Gh.</b> - Influence of soil work on soil moisture (%) and soil water reserve (m <sup>3</sup> /ha) in grain maize in the hill area of the Timis county, Romania	99
<b>Gogoasă I., Alda Liana Maria, Velciov Ariana, Bordean Despina Maria, Rada Maria, Moigradean Diana, Alda S., Gergen I.</b> - Preliminary research regarding the use of some vegetables (carrot, parsley, celery and tomato) as supplementary sources of bio minerals	102
<b>Gogoasă I., Alda Liana Maria, Bordean Despina, Rada Maria, Velciov Ariana, Popescu Sofia, Alda S., Gergen I.</b> - Preliminary research regarding the use of some berries (blueberries, blackberries and raspberries) as supplementary sources of bio minerals	108
<b>Herbei M.V., Sala F.</b> - Using GIS technology in processing and analyzing satellite images – case study Cheile Nerei Beusnița National Park, Romania	113
<b>Szekely G., Silivășan M.</b> - The situation of green spaces in Timisoara today	120
<b>Szekely G.</b> - Tendencies in European landscape and garden design during the last centuries	124
<b>Lucan Christine, Bujancă G., Răican D., Ștef D.</b> - Comparative physico - chemical and microbiological analysis of obtained beer in laboratory system and the same product obtained in industrial system	131
<b>Bloju O., Boldura Oana-Maria, Samfira I., Popescu Sorina</b> - Evaluation of genetic diversity of some <i>Phalaris sp.</i> using microsatellites	135
<b>Gabor C., Boldura Oana-Maria, Samfira I., Popescu Sorina</b> - Evaluation of genetic diversity of some <i>Phalaris sp.</i> Using minisatellites	141
<b>Pascaru Adina, Giorgievici A.Ș., Gaman C. D., Bencec Otilia Terezia, Dicu Diana Roxana, Horga V. C., Petrescu Irina, Boldea M.</b> - Sodium chloride effect on rye ( <i>Secale cereale</i> )	147
