

Table of Contents

Mardare Elena Ștefania, Ciceoi Roxana, Jerca I.O., Stănică F. - First results on phytosanitary status of Chinese jujube in Romania	1
Dobrin Aurora, Bădulescu Liliana, Dobrescu Aurelia - The influence of sowing time and fertilizer levels on biomass yield of safflower crop from Southeastern Romania	5
Butcaru Ana Cornelia, Stănică F., Matei Gabi-Mirela, Matei S. - Alternative methods to improve soil activity before planting an organic edible rose crop	12
Ciceoi Roxana, Mardare Elena, Eliza Teodorescu, Dobrin Ionela - The status of brown marmorated stink bug, <i>Halyomorpha halys</i> , in Bucharest area	18
Udriște Anca Amalia and Bădulescu Liliana - CRISPR/Cas Technology in Plant Genome Editing	26
Bujdei Andrea, Ciceoi Roxana, Mardare Elena, Stănică F. - Methods of pests prevention and control applied in two organic apple orchards	28
Chisăliță I., Ciontu C. - Research on forecasting of rough conversed wood mass	33
Adriana Ciulca, Madosa E., Giancarla Velicevici, Sorina Popescu, Ciulca S. - Study of gene effects for insoluble protein content in winter barley	39
Ciulca S., Madosa E., Adriana Ciulca, Giancarla Velicevici, Lugojan C. - Assessment of breeding potential for proline content in winter wheat hybrids	43
Mălăescu Mihaela, Blidariu C., Dobrei A., Dobrei Alina, Nistor Eleonora, Velicevici Giancarla, Toța Cristina - Research concerning the cane evolution and maturation in several vine varieties, depending on genotype, environment and technological conditions	49
Mălăescu Mihaela, Blidariu C., Dobrei A., Dobrei Alina, Nistor Eleonora, Velicevici Giancarla, Toța Cristina - The impact of growing technology, on crop quality in several vine varieties	56
Oproi E., Madosa E. - Evaluation of Wheat Genotypes for Salt Tolerance Based On proline content	65
Blaj R. - Nature-based tourism in forests as a tool for rural development – analysis in Sibiu County	69
Popescu Sorina, Boldura Oana-Maria - Plant genotyping - from molecular markers to DNA barcoding	73
Velicevici Giancarla, Madosa E., Ciulca Adriana, Camen D., Petolescu Cerasela, Malaescu Mihaela, Oproi E., Coradini R., Gorinoiu Gabriela - Genetic analysis of chlorophyll content in some barley (<i>Hordeum vulgare</i>) genotypes	78

Motica R., Nemes Zsuzsanna, Mike Luiza - Results concerning the evolution of viral and physiological degeneration of seed potatoes during 2013-2015, Târgu Secuiesc	83
Pavel Petronela-Bianca - Assessment of some physicochemical characteristics and heavy metals content and distribution in soil	88
Blaj R. - Resinous wood valorification aspects in Sebes forest district	93
Mina Taghizadeh, Mousa Solgi and Iman Shahrjerdi - Essential oil as an alternative to chemical antimicrobial agent for the culture of strawberry in vitro	99
Simtion Daniela - Sustainable farm management in agriculture	107
Tănase Maria - Organic agriculture in the context of sustainable development in Sibiu County	110
Ștefan Floriana Maria, Hermeziu Manuela, Hermeziu R., Bărașcu Nina - Researches regarding the obtaining of new potato varieties by identifying of valuable breeding lines at NIRDPSB Brasov	116
Ramprasad Eruvuri, Rakesh Gojoori, Durga Rani Ch. V., Anuradha Ch. and Vanisri S. - Computational Identification of Conserved Domains from Genomic Survey Sequences in Green Gram [<i>Vigna radiata</i> (L.) R. Wilczek]	120
Coradini R., Madoșă E. - Evolution of Chemical Compounds of Grapes from the Miniș-Măderat Vineyard for Determining the Optimum Harvest Time	125
Coradini R., Madoșă E. - The Variability of Some Yield Components in Different Grape Wine Varieties from Miniș-Măderat Vineyard	132
Simtion Daniela - Contemporary forms of manifestation of the production functions used in agriculture	138
Merce O., Turcu D. O. - Natura 2000 forest habitats of the "Runcu-Groși" Nature Reserve	140
Turcu D. O., Merce, O., Biriș, I. A. - The natural forests of South-Western Romania - conservation potential in the Banat region	145
