

Table of Contents

Yvin J.C., Dufils A. - Incidences of Fertileader Elite® foliar spray applications on the improvement of Fruits quality and their conservation. Trials realised on Pink Lady® Cripps Pink Cov.	1
Babeş Anca , Budiu V., Pop Nastasia , Bunea C., Călugăr Anamaria - Considerations regarding water consumption at some grapes varieties in Blaj wine-growing center	5
Călugăr Anamaria, Pop Nastasia , Babeş Anca , Farago Mariana , Bunea C., Hodor Daniela , Ciobanu Florentina - The estimation of growth-yield balance indices at Astra, Blasius, Selena and Fetească regală, in Târnavă vineyard	11
Călugăr Anamaria, Pop Nastasia , Sarago Mariana , Babeş Anca , Bunea C., Hodor Daniela , Ciobanu Florentina - Influence of the bud load level at pruning on fertility elements, in Blaj wine-growing center	17
Szekely G., Visoiu Dagmar, Silivasan M. - Norway maple and Sycamore trees in the parks of Timisoara	23
Țenche-Constantinescu Alina - Results concerning the analysis of the nitrates, nitrites and of the ammonium ions of the underground waters of little depth in the territory neighboring the town of Timisoara, during the years 2007-2008	27
Adam I., Cadar N., Hernea Cornelia, Chisăliță I. - Evolution of regeneration in stands where intensive treatments were applied and the study of beech seedling increment	35
Borozan Aurica Breica, Bordean Despina, Dogaru Diana, Mișcă Corina, Filimon Nicoleta, Hărmănescu Monica - A comparison between the pasteurization efficiency of pulp juices and not pasteurized juices	45
Alda Liana Maria, Lazureanu A., Rujescu C., Alda S., Danci M., Bordean Despina- Maria - A Mathematical Representation of the Dependence of Fertilization and Climate Conditions Hectoliter mass in Winter Wheat	48
Alda Liana Maria, Lazureanu A., Rujescu C., Alda S., Bordean Despina- Maria, Pîrvulescu Luminita, Sirbulescu Claudia - A Mathematical Representation of the Dependence of Fertilization and Climate Conditions 1000-Grain Weight in Winter Wheat	55
Damianov Snejana, Simeria Gh., Micu Lavinia, Cotuna Otilia, Hristea O.M. - Researches regarding the chemical control of winter moth (<i>Operophtera brumata</i> L.) in plum tree, in the orchard Lugoj-Herindești, in 2009	62
Iancu Paula, Bonciu Elena, Soare, M. - Researches concerning drought resistance of some groundnut genotypes cultivated on the typical argiloiluvial cernoziom from Caracal Research Station	66
Cantor Maria - Flower breeding in Korea at the National Horticultural Research Institute (NHRI)	70

Alexandra Franț, Dorica Botău - Researches regarding bitter melon (<i>Momordica charantia</i>) <i>in vitro</i> regeneration	75
Bonciu Elena, Iancu Paula - The water stress resistance to some foreign sunflower hybrids	81
Bonciu Elena, Iancu Paula, Soare, M. - Studies regarding the breeding value to some Romanian sunflower hybrids	85
Dauda T.O., Nworgu, F.C. - Sex component classification (SCC) of Fluted pumpkin (<i>Telfairia occidentalis Hook.F.</i>)	89
Neacșu Alina, Arsene G.G., Arsene Alina, Stroia C., Faur F., Tabuc Cristina - The influence on flora and vegetation of the water quality in Liebling accumulation lake	95
Bujancă G. , Jianu C. , Danci M. , Rinovetz A. , Georgescu L. , David I. , Rinovetz Adina , Berbentea F. - The colorimetric method of determining nickel presence in hydrogenised fats	99
Bujancă G. , Jianu C. , Danci M. , Berbentea F. , Georgescu L. , David I., Rinovetz A., Rinovetz Adina - Qualitative assessment of flour with a depth consistency meter and the consistence of doughs with medium rate of viscosity	101
Sarpe N. - Researches regarding soil humidity, in the conditions of cultivating corn in the classical and the no-tillage systems	106
Sarpe N. - Soil humidity and production of the genetically-modified soy bean, cultivated in the classical and no-tillage system, in the conditions provided by the Danube meadow	111
Velicevici Giancarla, Madosa E., Ciulca S., Ciulca Adriana, Petolescu Cerasela, Bitea Nicoleta - Assessment of drought tolerance in some barley genotypes cultivated in West part of Romania	114
Ștefan Carolina, Lăzureanu A. - The effectiveness of agro-technical measures on production of potato variety Santé	119
Ștefan Carolina, Moatăr Maria Mihaela , Chisăliță I., Banu C., Băluță Daniela, Lia Micula , Fora C., Cîrciu Lenuța Gheorghina - The classical garden in America	124
Camen D., Beinșan Carmen, Șumălan R., Pasc Mironela - Research on the effect of arbuscular mycorrhizae on some physiological indices of lettuce – <i>Lactuca sativa</i> L.	128
Dragomir P., Szekely G., Silivasan M. - Ash trees in the parks of Timisoara	131
Țenche-Constantinescu Alina - Comparative results regarding iron (Fe) and manganese (Mn) obtained after analysis done from water samples obtained from high depth drilled in the n-v extremity of Timisoara, between years 2007 and 2009	134
Țenche-Constantinescu Alina - The characterization of under water bodies existing in Timisoara metropolitan area and the presentation of the state of these waters concerning their quality in the year 2007	139
Pătrășcoiu Mihaela, Lăzureanu A., Răducan Corina, Sâmbotin Dana, Băluță Daniela - Biodiesel – the alternative energy for future (short review)	145

Visoiu Dagmar, Szekely G. - <i>Aesculus hippocastanum</i> L. trees in the parks of Timisoara	151
Visoiu Dagmar, Szekely G. - English yew trees in the parks of Timisoara	154
Szekely G. , Silivasan M. - Small leaved and large leaved Lime trees in the parks of Timisoara	157
Szekely G. , Vişoiu Dagmar - Black Poplar trees in the parks of Timisoara	161
Moatăr Mihaela, Lăzureanu A. - Research on the production arrangement applied Steierdorf Unit III	164
Moatăr Mihaela, Lăzureanu A. - Research on the measurements used in the test areas located in production Steierdorf III	168
Petolescu Cerasela, Ciulca S., Lazar A., Petrescu Irina, Velicevici Giancarla - Assessment variability of alfalfa regenerants using RAPD molecular markers	172
Petolescu Cerasela, Ciulca S., Lazar A. - Estimating alfalfa somaclonal variation by ISSR markers	177
Silivăsan M., Szekely G. - European spruce trees in the parks of Timisoara	182
Silivăsan M., Szekely G. - Black locust trees in the parks of Timisoara	185
Lazăr A., Petolescu Cerasela, Bîtea Nicoleta, Popescu Sorina - Researches concerning the behavior of <i>Cymbidium sp.</i> protocorms cultured in “in vitro” cell culture	188
Lazăr A., Petolescu Cerasela, Popescu Sorina - Studies concerning the “in vitro” multiplication of <i>Nephrolepis exaltata</i> ‘Fluffy Ruffles	191
Petrescu Irina, Zepa Cristina, Cotuna Otilia, Stefan Carolina - The effect of heavy metals (zinc) on roots formation of <i>Allium sativum</i> l. bulbs	194
Petrescu Irina, Zepa Cristina, Petolescu Cerasela, Baluta Daniela - Radicular apparatus development to the garlic bulbs (<i>Allium sativum</i> l.) under aluminum influence	197
Gorinoiu Gabriela, Nedelea G., Ciulca S. - Heredity research on the number of siliquas per plant in mustard crop	200
