
Table of Contents

Rotaru Liliana, Mustea M., Stoleru V., Feodor F., Petrea Gabriela - The demeanour of the "terroir viticole" concerning the behaviour of white grapevine varieties growing in the Iasi vineyard	1
Rotaru Liliana, Mustea M., Petrea Gabriela, Nechita B. - New creations vinifera for table grapes intended for the restrictive conditions of culture of the North-Eastern zone of Romania	7
Elena Alina Rovină, Mirela Călinescu, Cațița Plopa, Valentina Isac - <i>In vitro</i> regeneration capacity of the ornamental varieties related to the cultural media	13
Rovină Elena Alina, Mazilu Cr., Ancu S. - Behaviour of some ornamental deciduous species in the vegetative propagation process	19
Silivășan M., Berar C. - Researches regarding the ecological parking used in the arrangement of the public grass plots from Timisoara Municipality	22
Ștefan Carolina, Berar C., Silivășan M., Chisăliță I., Banu C., Băluță Daniela, Moatăr Mihaela - Researches related to street alignments in Timisoara Municipality	30
Berar C., Silivășan M. - Study regarding the landscape design of an agrotouristic pension in Carani locality, Timis County	36
Silivășan M., Berar C. - Study regarding the creation of urbane furniture for parks and gardens in the ArchiCAD program	42
Berar C., Silivășan M. - Presentation methods of landscape projects using classical and modern techniques	47
Bunta Gh., Bucurean Elena - Crisana, a wheat variety with high yielding potential and good backing qualities	52
Cristescu Mihaela, Anton Doina, Mandă Manuela, Nicu Carmen - Study of leaves structures that determine the resistance to dryness at succulent plants	60
Dumitru Maria, Petrisor Cristina, Petcu Andreea, Barbulescu Adela, Balan Viorica, Ivascu Antonia, Roman M., Ilie Alina - Characterization of new apricot and peach selection released from Research Station Baneasa	65
Domuța C. , Șandor Maria, Bara V. , Ciobanu Gh. , Domuța Cr. , Bara L. Bara Camelia, Borza Ioana, Brejea R. , Gîtea M., Vușcan A. , Moza Ana - The Irrigation Influence on Water Use Efficiency in Autumn Cabbage from Crișurilor Plain	69
Domuța C. , Șandor Maria, Ciobanu Gh. , Domuța Cr. , Bara L. , Bara Camelia, Borza Ioana, Brejea R. , Gîtea M., Vușcan A. , Moza Ana - Drought Influence on Water Use Efficiency in Potato from Crișurilor Plaine	73
Nicu Carmen, Manda Manuela, Anton Doina - Researches regarding the vegetative propagation at <i>Ficus elastica Roxb.</i>	77

Gulca V. - Distrust in private forests – main gap in Sustainable Forest Management of Moldova	80
Șarpe N., Poienaru St. - The remanent effect of Merlin Duo and Gardorprim Plus Gold 500 sc herbicides applied to garden peas	91
Șarpe N., Boreescu Floarea , Negrilă E. - Chemical control of weeds from Acacia (<i>Robinia pseudoacacia</i>) tree nurseries	96
Iancu S., Popescu C., Voicu Lala, Iancu D., Grecu Florina - Research regarding the influence of soil tillage and care work Sun-flower production on the chernozem from Băilești-Dolj	99
Boltea Maria Luminita - Determination of the biotic factors involved in the degradation of the sweet chestnut-tree in Maramures County	104
Boltea Maria Luminita - Biological control of the <i>Cryphonectria parasitica</i> fungus which decimates edible chestnuts in Maramures County	110
Alda S., Lăzureanu A., Cârciu G., Danci M., Manea D., Alda Liana Maria, Chirilă D. - On the efficacy of post-emergent herbicides on turf weed control	114
Alda S., Lăzureanu A., Cârciu G., Danci M., Manea D., Alda Liana Maria, Chirilă D. - On the impact of maintenance works and of herbicide application on the cultural state and yield in field-cultivated cabbage	118
Pășcănuț I., Pop M.R., Danciu I. - Determining the soluble dry substance, acidity, sugar contents directly and totally reduced from the Sea buckthorn (<i>Hippophae rhamnoides</i> L.) juice	123
Pășcănuț I., Pop M.R., Danciu I. - Determing vitamin C quantity from Sea buckthorn fruits (<i>Hippophae rhamnoides</i> L.) during harvest and cold storage	126
Pop M.R., Sand Camelia, Barbu C.H., Balan Mironela, Grusea Angelica, Boeriu H.G., Popa I. A. - Seed production and productivity elements variability of <i>Lolium perenne</i> L., for new varieties to produce seed for grass mixtures	129
Pop M.R. - Influence phenotypic performance achieved by sowing period in <i>Dahlia variabilis</i>	133
Elena Bucurean, Gh. Bunta - Possibilities of reducing damages caused by the Colorado beetle (<i>Leptinotarsa decemlineata</i>) in potato crops	136
Corneanu Mihaela , Corneanu G. C. , Iliev I., Danci O., Stefanescu I. , Popa M. - Micropropagation of <i>Robinia pseudoacacia</i> var. <i>oltenica</i> selected stress resistant clones on media with deuterium depleted water	141
Keil S., Benker Marianne, Lauer F., Zellner M. - Infection rate of potato seed tubers with <i>Phytophthora infestans</i> (Mont.) de Bary	145
Bujancă G., Berbentea F., Ștef D., Georgescu L., David I., Danci M., Oana Danci, Cozma Antoanela - The microbiological analysis of Victoria salami and the improvement of its nutritive value through the adding of Na caseinate 1% and 2%	149
Bujancă G., Danci M., Georgescu L., David I., Berbentea F., Danci Oana, Cozma Antoanela - The maintaince of bread made from wheat and rye flour in a fresh state by adding potato pasta, yeast and acid leaven	155
Petolescu Cerasela, Lazar A, Popescu Sorina, Ioja-Boldura Oana - RAPD variation in alfalfa plantlets	162

Alexe Constanta, Vintila M., Moise Daniela, Lacatusu Anca-Rovena, Dumitru Liana-Melania - Researches regarding quality maintenance of nectarines during storage, depending on fertilization system	166
Maria Dinu, Mihaela Gabriela Dumitru, Cimpoiaşu V.M. - The use of organic products at culture of carrot in succession	172
Popandron N., Tudora M., Basturea M., Cernahoschi A. - The study of three factors that influence the onion production	177
Barbara Vaszily - Effect of pruning timing on yield safety of sweet cherry cultivars	183
Dobrei A., Moş Victoria - Research on assurance of viticultural biodiversity, by using local varieties and biotypes of Buziaş-Silagiu area	189
Fora C.G., Lauer K.F., Banu C., Ştefan Carolina , Constantinescu Alina , Băluţă Daniela - Overwintering pupae of <i>Cameraria ohridella</i> in fallen leafs	195
Fora C.G., Lauer K.F., Fora Alina, Damianov Snejana, Moatăr Mihaela - The flight of the <i>Cameraria ohridella</i> population in the city of Timisoara, Romania	197
Soare Rodica, Soare M., Iancu Paula - Researches concerning the behavior of an radish assortment (<i>Raphanus sativus L. Brassicaceae</i>) for greenhouses	202
Popoviciu Gheorghina-Lenuta, Lazureanu A. - Research on surface and depth water quality in the area of interference between the plains and hills in SE of Timis County	207
Sfetcu Andreea Adriana, Dobrei Alin - The influence of the soil maintaining systems upon the maturing evolution of the Burgund grapes	210
Barbulescu Adela, Petrisor Cristina, Neamtu Maria, Ilie Alina, Roman Marius, Petcu Andreea, Dumitru Maria - A study on the relationship of some risk factors during pre harvesting and quality parameters of strawberry fruits	214
Iancu Mihail, Tebeica A. - Evolution of soil compaction state in a high density apple orchard under the influence of technological traffic	217
Iancu Mihail, Tebeica A. - Influence of position within the terraces platform on some physical properties in case of three soil types in a high density apple orchard	223
Țenche-Constantinescu Alina, Szekely G., Crăciunescu A., Chisăliță I., Fora G., Ştefan Carolina - Species of trees and shrubs planted in Timișoara – Fabric Quarter in the year 2009	228
Țenche-Constantinescu Alina, Szekely G., Vișoiu Dagmar - A new park in Bihor Square Timișoara	232
Szekely G. - A destroyed summer resort in the town Arad	235
Szekely G., Țenche-Constantinescu Alina - Bucovina Park Timișoara	239
Băluță Daniela, Alda Liana, Ştefan Carolina, Cârciu Gh., Banu C. , Moatăr Mihaela, Molnar L., Danci Oana - Research on grape production, the variety Italian Riesling, fertilization in soil from Didactic Station Timișoara	243
Marin F.C., Chitu E., Sumedrea D., Chitu Viorica, Sumedrea Mihaela, Călinescu Mirela, Tanasescu Nicolae, Iorgu A. - Biological efficacy of some herbicides in control of weeds species in apple orchards	247

Sumedrea Mihaela, Sumedrea D., Marin F.C., Chitu E., Călinescu Mirela, Bolbose Cecilia, Zahrai I., Iorgu A. - Biological efficacy of some new insecticides in control of San Jose scales, red mites and aphids in apple and plum orchards	252
Hoza Gheorghita - Research regarding the effect of foliar fertilization on tomato growth and fructification	257
Hoza D., Plisiotis N. - Pomegranate, a fruit growing species of major interest in Greece	260
Hoza D. - Preliminary research regarding the behavior of several new apricot varieties in Bucharest area	262
Brezeanu Creola, Brezeanu P.M , Ambarus Silvica - Studies Regarding Physiological and Biochemical Changes during the Ripening Process in <i>Cucumis melo</i>	266
Maria Călin, Stoian L., Cristea Tina Oana, Ambăruș Silvica, Avasiloie D. I., Creola Brezeanu, Brezeanu P.M. - The study of tomatoes hybrids ability for cultivations in tunnels in ecological agriculture conditions	270
Cristea Tina Oana, Ambăruș Silvica, Călin Maria, Prisecaru Maria, Avasiloaiei D. I. - Measurements of chromosome aberration at tomato plants (<i>Lycopersicon esculentum</i> mill.) regenerated from “in vitro” tissue culture	274
Graepel, H., Zellner, M., Fora, Alina, Fora, C.G., Rancov, C., Lauer, K.F. - Research into the population-dynamics, the host-plant specificity and the influence of insecticide treatments and soil preparation on the population-development of the Western Corn Rootworm <i>Diabrotica virgifera virgifera</i> LeConte (Col.: Chrysomelidae)	280
Ștefan Carolina, Lăzureanu A. - Research on fertilization and weed control methods on production in potato Ostara	286
Dobrei A., Mălăescu Mihaela, Ghiță Alina, Cristea T., Moș Victoria - Research concerning local valuable grape varieties and biotypes Timis County, Romania	291
Dobrei A., Ghiță Alina, Mălăescu Mihaela, Cristea T., Drăgunescu Anca - Research concerning the impact of the soil maintenance system through permanent grass-cover on growth and fructification in several grape vine varieties	298
Vior M., Cârciu G. - Research on performance herbicides orchards' in combating weeds in Western Romania	302
Mariș Lenuța, Nedelea G. - Researches concerning the phenotypic diversity of some eggplant cultivars for different yield traits	308
Mariș Lenuța, Nedelea G. - Study concerning the variability of some yield traits in different eggplant cultivars	312
Toma F., Stanciu Daciana, Petra Sorina - Researches concerning the behaviour of some gladiolus cultivars in different variants of cultures for cut flowers	316
Giura A. - Development of new genetic stocks for alien introgressions in wheat	325
Băluță Daniela, Alda S., Ștefan Carolina, Cârciu Gh., Danci Oana, Banu C., Fora C., Petrescu Irina, Moatăr Mihaela - Calculation of the principal indicators of economical efficiency to the wine grapes cultivars “Burgund Mare” and “Riesling Italian”	331
