
Table of Contents

Peşteanu A. - The influence of tree formation methods on development and placement of generative organs in apple orchard	1
Gudumac E., Peşteanu A. , Bostan M. - Influence of five rootstocks on growth and development of two apple varieties in the nursery	6
Câciu G, Lăzureanu A., Alda S, Manea D., Băluță Daniela, Alda Liana, Cîrciu Lenuța - The impact of covering plants with weeds species on the prior plant and production to the winter wheat crop	10
Alda A., Moisuc A. - Researches concerning the stability of green matter yield in maize hybrids	15
Alda A., Moisuc A. - Study regarding the influence of environmental conditions on plant weight in maize	19
Alda Liana Maria, Lazureanu A., Alda S., Baluta Daniela, Sirbulescu Claudia, Gogoasa I. - Wet gluten analysis depending on cultivar, fertilization, herbicide application and climate conditions, in winter wheat	23
Alda Liana Maria, Lazureanu A., Alda S., Danci M., Carciu G., Radulov Isidora - Correlation between raw protein content and fertilizer doses in winter wheat under conditions of Banat area	27
Gruia M., Baciuc A., Cosmulescu Sina - Preliminary results regarding the selection of new generative rootstocks for peach trees [<i>Prunus Persica</i> (L.) Batsch]	31
Lazureanu A. Negrea Monica, Bulmaga Alina, Alexa Ersilia, Carciu Gh., Lazureanu D. , Craciunescu A. , Chisalita I. - Nitric pollution of vegetables cultivated in agro-technique conditions of West Romania	35
David I., Berbentea F., Furnică Adela, Georgescu L., Danci M., Bujancă G., Danci Oana - The influence of exogenous enzymes on the dough for bakery product	42
Vlatanescu Nandina, Segneanu Adina-Elena, Macarie Corina, Balcu I., Martagiu Raluca, Fitigau Firuta, Popescu Claudia, David I, Danci M. - Organochlorine pesticides characterization by physico-chemical method	48
Băla Maria, Berecici, D. N., Ionaș Alexandra Claudia - Lay out overture with ornamental climbing and voluble plants for pergola, walls, bower and other constructions	55
Berecici, D. N., Băla Maria - Research concerning the quality of the obtained material on a <i>Freesia hybrida</i> culture in modern greenhouse conditions	59
Popa D., Tonea Cornelia, Ilea R., Drăgoi Gh., Piloca L., Tonea Elena, Becherescu Alexandra - Research on tracking technology indices perform operational work by different combine harvesters	63

Drăghicioiu P., Berar V. - Researches concerning the influention of some technological factors over the production of one assortment of lettuce cultivated in a greenhouse at the Didactic Base Timisoara	67
Dragoi, M., Duduman, G., Marinescu, B. - Assessing the efficiency of monitoring the environment quality – case study on preventing illegal cuttings	71
Dragoi, M., Hordnic, S. - Wood for energy, sustainable forestry and rural development	79
Cârciu G¹, Lăzureanu A¹, Alda S.¹, Manea D.¹, Danci M. ¹, Băluță Daniela¹, Ștefan Carolina¹, Fazekas Pal¹, Cîrciu Lenuța - Influence measures and control of covering plants with weeds on production at plum	85
Chisăliță I., Moatăr Mihaela, Ștefan Carolina, Banu C. - Topographic and microclimatic issues in Moldova Nouă Local Sylvic Department	90
Chisăliță I., Lauer K.F., Fora C.G., Ștefan Carolina, Moatăr Mihaela, Banu C. - Monitoring on forest health in Caraș-Severin County - case study	97
Rusu S., Cârciu G. - Influence on fertilization and density on spring oats production in a variety Lovrin 1	100
Jianu S. F., Gridan Maria – Roberta, Dragomir P. I. - The informational system for inventorying the game on a hunting territory	103
Iordanescu Olimpia Alina, Micu Roxana Elena - Researches concerning the use of some herbicides in apple orchards in conditions of the Didactic Station Timisoara	113
Iordanescu Olimpia Alina, Micu Roxana Elena, Blidariu Aurelia - Researches concerning the fruit binding degree and fruits' qualities of some nectarine varieties in conditions of Timisoara	117
Dragomir P.I., Jianu S. - Studies regarding the survivel percentage of speedling plant in the Luncavița- Verendin perimeter	120
Bonciu Elena, Iancu Paula, Soare Marin - The yield relationships in sunflower (<i>Helianthus annuus</i>)	123
Bonciu Elena, Iancu Paula, Soare Marin - Mitosis and some sunflower genotypes response	129
Motica, R., Baci Anca, Mike Luiza, Nemes Zsuzsanna - Research regarding the vegetal oil content of some rape hybrids tested at the research and development Station for potato Târgu Secuiesc	133
Hernea Cornelia, Posta Daniela Sabina, Dragomir P.I., Corneanu Mihaela, Sărac I. - Aspects concerning germination tests of <i>Robinia pseudoacacia</i> var. <i>Oltenica</i>	138
Hernea Cornelia, Crăciunescu A., Visoiu Dagmar - Aspects concerning afforestation in Timis meadow	142
Lăpădătescu Simona, Nedelea Gabriel - Researches concerning the effect of phytohormones on plantlets neoforation in <i>Dianthus caryophyllus</i>	146
Lăpădătescu Simona, Nedelea Gabriel - Researches concerning the effect of some phytohormones combinations on proliferative potential in <i>Dianthus caryophyllus</i>	150
Lazăr A., Petolescu Cerasela, Popescu Sorina - Experimental results	153

concerning the effect of photoperiod and callus culture duration on anthocyanin amount	
Ilea R., Tonea Cornelia, Popa D. - Dynamic model for seed separation and sorting on vibrating flat sieves	158
Micu Roxana Elena, Lăzureanu A. - Preliminary results concerning the weeding degree of Jonathan apple tree variety cultivated in conditions of the Didactic Station Timisoara	163
Micu Roxana Elena, Lăzureanu A. - Preliminary results concerning the weeding degree of Pionier apple tree variety cultivated in conditions of the Didactic Station Timisoara	167
Poșta, Daniela, Sabina, Hernea, Cornelia, Moatăr, Maria, Mihaela , Sărac, I., Dragomir P. - Technical research on the use of methods for improving quality seeds at the species <i>Albizzia julibrissin</i> Durazz.	171
Poșta Daniela Sabina, Vișoiu Dagmar, Moatăr Maria Mihaela - Garden terrace development on a block in Șagului 72-78	174
Ordodi, D., Berar, V. - Research concerning the genotype influence on the quality to some autumn garlic assortment, taken to experience at the Didactic Base in Timișoara	176
Oprea A., Vișoiu Dagmar - Green Space development project of Dumbrăvița Lake and Green Forest Timișoara	179
Horgoș A., Becherescu Alexandra, Popa D., Țâru O. - The effect of some foliar fertilizers upon some tomato hybrids' with determined growth cultivated cold solariums in different fertirrigation conditions	183
Horgoș A., Becherescu Alexandra, Popa D., Țâru O. - Phases of the technological modernoyed culture flux, factors with high impact upon <i>Agaricus bisporus</i> production, cultivated in bizonal industrial production system	191
Becherescu Alexandra, Horgoș A., Popa D., Țâru O. - Improvement of some technological crop sequences in the mushrooms <i>Pleurotus ostreatus</i> and their effect on yield in some hybrids cultivated under bi-zonal intensive system	199
Becherescu Alexandra, Horgoș A., Popa D., Țâru O. - Foliar fertilizers agroleaf and cropmax and their effect upon the productive and qualitative potential to some semilong cucumbers hybrids cultivated in industrial greenhouses nonconvetional heated	206
Balan V., Vămășescu S. - Light regime in Apple plantations in function of foliar fertilization	213
Blidariu Aurelia, Iordanescu Olimpia Alina, Micu Roxana Elena, Blidariu C. - The chemical composition of some walnut biotypes from Padureni, Timiș County	218
Popescu Sorina, Ioja-Boldura Oana, Petolescu Cerasela, Lazar A., Badea Elena - The maize gene flow evaluation based on transgene detection and quantification	221
Ioja-Boldura Oana, Popescu Sorina, Badea Elena, Schitea Maria, Petolescu Cerasela, Lazar A. - Studies regarding the genetic basis of the multileflet trait on alfalfa	226
Cristina Popescu, Imre Boros - A New Role of ATAC-HAT in Dosage	231

Compensation

- Danci Oana, Erdei L., Danci M., Bujanca G., David I., Velicevici G., Chis S., Alda S., Alda Liana** - Potato virus strain influence *in vitro* plants regeneration 239
- Danci M., Danci Oana, Berbentea F., David I., Bujanca G., Alda S., Chis S.S., Alda Liana, Carciu G.** - Factors that influence wheat (*Triticum aestivum*) somaclones and gametoclones regeneration 243
- Răduică Daniela Violeta, Popescu V.** - Research on the biology, technology and use of shallots (*Allium ascalonicum*) 250
- Costea D. C., Cichi Daniela Doloris, Genoiu Elena, Savescu Petre, Maracineanu L.C. Capruciu D.F.** - The influence of the climate variability on the main chemical compounds defining the quality of the viticulture production 258
- Botău Dorica, Franț Alexandra, Hărmanescu Monica** - Assessment of variability in regenerate of *Momordica charantia* by determining total antioxidant capacity 263
- Madoșă E., Ciulca S., Ciulca Elena Adriana, Velicevici Giancarla, Avădanei C., Bătea Nicoleta** - Studies regarding the variability of pods number per plant in a landraces collection of common bean (*Phaseolus vulgaris* L.) 267
- Ciulca S., Madoșă E., Ciulca Adriana, Velicevici Giancarla, Chiș S.** - Leaf stripe resistance (*Helminthosporium gramineum*) in winter barley 272
- Ciulca S., Madoșă E., Ciulca Adriana, Velicevici Giancarla, Chiș S.** - Analysis of combining ability effects for spike yield in six-row winter barley 278
- Banu C., Chisăliță I., Fora G., Crăciunescu A., Ștefan Carolina, Băluță Daniela** - Researches concerning wainscot surfaces evolution at the national level between 1989 and 2006 282
- Tudor Radu C. M., Radomir Ana-Maria** - Researches concerning *Albizzia julibrissin* species behaviour in the *in vitro* rooting faze 286
- Botău Dorica, Lazăr A., Bolda-Vereș Vanda, Danci M., Simina Alina** - Quantitative determination of compounds in cell cultures of bilberry anthocyanins by spectrophotometry 290
- Bălan Viorica, Tudor Valerica, Topor E.** - Genetic Particularities for the Biology of Early Apricot Phenotypes Created in Romania 294
- Voaides Catalina, Cornea Petruta, Tezel Rodica, Babeanu Narcisa** - Use of bacterial bioproduct for plant growth stimulation and protection against phytopathogenic fungi 299
- Ortan Alina, Dinu – Pîrvu Cristina, Popa O., Paraschiv Geanina** - Formulation studies of *Anethi aetheroleum* loaded vesicles 304
- Pascu Raluca, Ortan Alina** - Environmental feedback mechanisms leading to climate change 308
- Bei Mariana, Apahidean S., Al., Domuța C.** - Determining the irrigation regime and the water consumption for cucumber crops grown in solariums 316
- Bei Mariana, Apahidean S., Al., Cărbunar M.** - The influence of some technological elements upon the production of organic cucumbers cultivated in solariums 321

Banu C., Chisăliță I., Fora G., Crăciunescu A., Ștefan Carolina, Baluță Daniela , Petrescu I. - Researches regarding the evolution of the surfaces covered with afforestations works at the Region 5-West during 1990-2008	325
Velicevici Giancarla, Madosa E., Ciulca Adriana, Ciulca S., Danci O. - Experimental results concerning the drought tolerance of some new autumn barley genotypes using indirect methods	330
Delian Elena, Bădulescu Liliana, Dobrescu Aurelia, Săvulescu Elena, Bădescu, C. - Aspects regarding vegetative growing, reproductive development and minerals distribution in highbush blueberry leaves and fruits as affected by substrate composition	334
Sestras Adriana, Sestras Radu, Hărșan Eugenia, Bărbos Adrian - Arvena – a new pear cultivar obtained at Fruit Research Station Cluj, Romania	342
Rădulescu I., Vișoiu Emilia, Buciumeanu Elena, Tănăsescu C., Vizitiu Diana, Șerdinescu A., Mocanu P., Pascal Bloy - Production of propagation material for establishing plantings grafted vineyard INITIAL BASIC in European collaboration parent	345
Dîrlea Auruța, Hamza Stela - Agriculture and environmental legislation in Romania	354
Hamza Stela - Field of real estate law and real estate registry silvic and horticol	357
