Alexe Constanța, Vintilă M., Lamureanu Gh., Chira A. - Effect of the storage technology on the quality maintaining of some cauliflower cultivars	1
Cantor Maria, Erszebet Buta, Conțiu Ioana - Behaviour of some new Rosa varieties in pedoclimatical conditions at Cluj-Napoca	6
Cantor Maria, Erszebet Buta, Denisa Horț, Anca Husti - <i>Gossypium</i> spp. - a new ornamental plant use for indoor and flower arrangements	11
Balcău Simina-Laura, Maria Apahidean, Zaharia A., Gocan Tincuța Marta, Boca Delia Florentina, Bărbuță Iulia - Establishing some technological methods to increase leaves production of kale (<i>Brassica oleracea</i> L. var. <i>acephala</i>)	15
Chisăliță I., Cântar I. C. - Field study in the logging yard by modern methods	21
Chisăliță I., Adam I., Cântar I.C. - Considerations regarding the slope forest land from Romania	30
Cichi M. - The effect interaction variety x rootstock on parameters bioproductive plum tree to the species	36
Ciortan Ioana - The taxonomic diversity of the macromycetes from Căpățâni Mountains (Romania)	41
Dobrei A., Ghiță Alina Georgeta, Mălăescu Mihaela, Drăgunescu Anca, Giurici B. - The influence of forcing on callus formation and roots of some grapevine varieties	51
Dobrei A., Ghiță Alina, Ciucur A. - Research on the potential alcohol of some local varieties and biotypes of wine grapes in Arad County	56
Doltu Mădălina, Bogoescu M., Sora D. - Technological aspects concerning the grafting of some Japanese tomatoes	62
Gocan Tincuța Marta, Măniuțiu D.N., Ileana Andreica, Simina Balcău, Lazăr V., Ileana Bogdan - Sugar Content of Carrot Roots Influenced by the Sowing Period	66
Gocan Tincuța Marta, Măniuțiu D.N., Ileana Andreica, Lazăr V., Iulia Bărbuță, Bărbos A.V., Delia Boca - Indicators of economic efficiency for carrot cultivation in Transylvania	70
Horgoș A., Becherescu Alexandra, Popa D., Radovan C. - Increasing and improving beans production of some beans varieties, by applying foliar fertilizers and specific bio-regulators to stimulate flower binding	74
Horgoș A., Becherescu Alexandra, Popa D., Drăgunescu Anca - Study on the productive and qualitative potential of some watermelon hybrids under the impact of biostimulating treatments	81
Cosoveanu Andreea, Iacomì Beatrice, Cabrera R., Nuñez-Trujillo Garoe, González-Coloma Azucena - New antibacterial horizons: study <i>in vitro</i> of plant extracts with bioactivity	88

Costescu Adriana - The grapevine culture in vineyard Stefanesti-Arges, over time	95
Buta Erzsebet, Cantor Maria, Buta M., Horț Denisa - Multiplication and shaping of <i>Chrysanthemum</i> varieties cultivated in pots	99
Buta Erzsebet, Cantor Maria, Buta M., Anca Husti - Wallflowers: a new trend in interior design	104
Ghiță Alina Georgeta, Dobrei A., Mălăescu Mihaela, Drăgunescu Anca, Ciucur A. - Research on the potential quantity and quality of some varieties of wine grapes under the conditions in Paulian village, Arad County	108
Ghiță Alina Georgeta, Dobrei A., Mălăescu Mihaela, Drăgunescu Anca, Poiană Mariana - Research on the suitability of Fetească Regală variety for making sparkling wine, under the conditions in Buziaș-Silagiu viticultural area	112
Motica R., Vitos I.Z. - Partial results on potato production planted in ridges of different size and shape, 2012	117
Motica Robert - General aspects of the prevention and control of the potato ring rot disease (<i>Clavibacter Michiganensis Subsp. Sepedonicus</i>)	122
Mutu Mirela-Elena, Gradinariu, F. - Growth, development and regeneration of silver fir, beech and spruce in the Northeast of Romania	125
Nicolae I., Camen D., Nicolae Mariana - Research regarding some physiological modifications in <i>Prunus domestica</i> L. as a result of the attack produced by <i>Polystigma rubrum</i> (pers.) Dc.	132
Nicolae I., Camen D., Nicolae Mariana - Research regarding some physiological modifications in <i>Pyrus communis</i> L. as a result of the attack produced by <i>Venturia pyrina</i> aderh.	138
K. M. Prabhu Kumar, M. Sabu and V. P. Thomas - Effect of Temperature and Light on the Promotion of Off-season Flowering in Island Purple Ginger, <i>Boesenbergia siphonantha</i> (Baker) M. Sabu <i>et al.</i> (Zingiberaceae) – A Promising Ornamental Ginger from Andaman Islands	144
Uleanu Florina - New versions Romanian pots of local peat bio composites quantitative and qualitative analysis of fungal micro flora	148
Doncean Ancuța, Șumălan Renata, Beinșan Carmen, Șumălan R. - Seed germination and seedling growth of tomato as affected by different types of compost water extracts	155
Bonciu Elena - Aspects of the pollen grains diameter variability and the pollen viability to some sunflower genotypes	161
Bonciu Elena, Iancu Paula, Bonea Dorina - The genetically modified plants – acceptance and controversies	166
Becherescu Alexandra, Horgoș A., Tuti Lica, Brihac Marilena - Study on production potential and quality of first cycle tomato crops established on typical chernozem soil, endocalcaric, in solariums	173
Becherescu Alexandra, Horgoș A., , Popa D., Drăgunescu Anca - The impact of some biostimulating products upon the production and its' quality of some melon hybrids cultivated in field	180

Brezeanu Creola, Brezeanu P. M., Ambarus Silvica, Robu T., Cristea Tina - Evaluation of growth and yield of organically-grown mungbean	187
Brezeanu P.M, Brezeanu Creola, Ambarus Silvica, Calin Maria, Cristea Tina - Studies to identify pepper genetic resources suitable to organic and conventional farming systems	192
Călin Maria, Cristea Tina Oana, Ambarus Silvica, Brezeanu Creola, Brezeanu P. M., Prisecaru Maria, Şova G. F. - Study of variants to reduce inputs in vegetable crops	197
Jivan Claudia, Sala F. - Variation of foliar area in apple in response to nutrition guidance through foliar fertilisation	202
Iordănescu Olimpia Alina, Blidariu Aurelia, Olaru Daniela Nicoleta, Brădean (Todor) Diana Ramona, Bernad Elena, Blidariu C. - The behavior of some biotypes and old apple tree varieties under Caras Severin County natural conditions	208
Iordănescu Olimpia Alina, Olaru Daniela Nicoleta, Mihut Casiana, Blidariu C., Taranu Jenica - Research concerning the behaviour of some local apple tree varieties in the Luncoara village, Arad County	212
Hoza D., R.G. Zolic - Research regarding the influence of crop substrata and the concentration of fertilizing solution on the yield of some strawberry cultivars	215
Gheorghişa Hoza - Research regarding the influence of various pruning systems at Cornichon cucumber cultivated in solarium	219
Lazăr Andreea M., Baciu A.A. - Research on obtaining valuable genotypes for the columnar type apple	223
Lupescu M. - Beech growth variability on an altitudinal gradient in northeastern Romania	229
Lupescu M. - Norway spruce growth variability on an altitudinal gradient in northeastern Romania	234
Mike Gabriella - Management of commercialization of potato production through processing	239
Pauliuc I., Botău Dorica - Antibacterial activity of <i>Pleurotus ostreatus</i> gemmotherapeutic extract	242
Pauliuc I., Botău Dorica - Evaluation of antibacterial activity of <i>Lentinula edodes</i> gemmotherapeutic extract	246
Croitoru D.C., Baciu A.A - Preliminary results obtained in the experimental area the agro productivity study of some quince varieties in the fruit growing basin Târgu Jiu	250
Cântar I. C., Borlea Gh. F., Chisăliţă I., Turcu D. - Analysis of the rooting system for the locust and oleaster trees planted on the tailing dumps from Moldova Nouă	255
Cântar I. C., Borlea Gh. F., Chisăliţă I., Merce O., Mircu A. - Biodiversity of the microfauna plantations installed on the tailing dumps from Moldova Nouă	260
Bica Smaranda-Maria, Szitar Mirela-Adriana - Landscape project for enhancing the value of Iron Bridge – the forgotten monument of Timişoara	268

Lazăr-Bâra A. P. - Setting Connections between Landscape and Cultural Productions – A Concept Design Method	275
Marinescu Maria Violeta, Teodorescu A., Şuţan Nicoleta Anca - Preliminary results on the <i>in vitro</i> propagation by leaf explants and axillary buds of <i>Iris aphylla</i> L.	279
Moatăr Maria Mihaela, Chisăliţă I., Stanciu S. M., Ştefan Carolina, Fora C.G., Banu C. - Planning research on hydrographic basin Bârzava	283
Moatăr Maria Mihaela, Stanciu S. M., Chisăliţă I., Ştefan Carolina, Banu C., Olaru Daniela - Research on the calculation of work required for development of the hydrographical basin Poiana Mărului	288
Nyagui D., Cârciu G. - Research on the influence of minimum tillage on physical properties of soil, crop production and quality in winter wheat in Western Romania climate conditions	293
Vaduvoiu Maria Laura, Mitrea I. - Researches on the helpful coleoptera entomofauna from the viticulture ecosystem S. D. Banu Maracine	298
Viliga F, Şumălan R. - Effects of osmotic stress on sorghum (<i>Sorghum bicolor</i> L. Moench) seed germination and embryo growth	302
Suciu (Bigyilan) Laura , Şumălan R. - Plant growth and development monitoring through integrated sensor systems	307
Stroe Marinela, Ispas Sofia, Matei D., Damian I., Dumitru Elena - Research regarding the influence of the area climate changes on some local clonally selections behaviour of the main varieties cultivated in Vineyard Pietroasa	312
Tripon Andreea, Mitre V., Mitre Ioana - Fruit trees thinning in sustainable agriculture	319
Ştefan Carolina, Chisăliţă I., Moatăr Maria Mihaela, Stanciu S. M., Fora C.G., Banu C., Olaru Daniela - Future plans for developing the forestry and countryside in the Natural Reserve Domogled	324
Ştefan Carolina, Chisăliţă I., Moatăr Maria Mihaela, Stanciu S. M., Banu C., Olaru Daniela - Experimental results concerning the impact of fertilisation on yielding capacity at variety potato Ostara	329
Sălăvăstru Mihaela, Berar V. - Studies regarding the influence of some morphological characters concerning the possibilities of association and arrangement of ornamental vegetable species in landscaping	336
Antanas Simona (cas. Bojin), Lazureanu A. - The influence of fertilizers and herbicides upon physical-chemical proprieties of triticosecale Mungis variety in agro-climatic and soil conditions from Timis County	341
Antanas Simona, Alexa Ersilia, Negrea Monica, Guran Emilia, Lazureanu A. - Studies regarding rheological properties of triticale, wheat and rye flours	345
Bagiu Adelina Nicoleta, Nedelea G. - Genetic analysis of spike yield components in winter wheat	350
Bagiu Adelina Nicoleta, Nedelea G. - Combining ability of diallel crosses of winter wheat varieties for spike yield components	355
Furdi Florina, Velicevici Giancarla, Popescu Sofia, Petolescu Cerasela,	359

Berar V. - The effect of salt stress on proline accumulation in several Romanian tomato varieties	
Furdi Florina, Velicevici Giancarla, Petolescu Cerasela, Popescu Sofia - The effect of salt stress on chlorophyll content in several Romanian tomato varieties	363
Fironda (Casapu) Mihaela, Băla Maria - Bio regulator effect on floral stem length in <i>Pelargonium zonale</i>	368
Fironda (Casapu) Mihaela, Băla Maria - Bio regulator effect on inflorescence diameter in <i>Pelargonium zonale</i>	372
Roman Alina, Lazureanu A. - Effect of Some Control Measures on Weeding and Yield in Grain maize in the Conditions of the Didactic Station of Timisoara, Timiș County, Romania	376
