

## CONTENTS

Topor Elena, Spita V. Recherche concerning apricot hybrids of spring choice for fruit quality and ripening period .....	pag.1
Mălăescu Ioana Mihaela Researches concerning the fruit yield of some peach and nectarine varieties in the first two fructifying years in climate conditions of Timișoara .....	pag.5
Posedaru Elena Alina Response to transplanting of the high ornamentals species .....	pag.9
Cosma Antonela, Alexa Ersilia, Lăzureanu A., Gergen I. Determination of some heavy metal contents in soil samples from the Șag-Parța deposition, Timiș country .....	pag.12
Chițu Viorica, Perianu Adina Method of foliar nutrients application .....	pag.17
Perianu Adina, Sumedrea D., Chițu Viorica, Tănăsescu N., Petrescu Silvia, Paul-Bădescu A., Costea Alina, Rugină Marta A new look of weed control by herbicides application using "Sstem 4" and isolink technologies in the apple orchards .....	pag.21
Sumedrea D., Sumedrea Mihaela, Marin F.C., Tănăsescu N., Perianu Adina Behavior of plant material mechanically grafted and straightly planted in the field, in years 9 and 10 after planting .....	pag.25
Băncilă Măriuța The perfecting of crop technology of the Oblacinska sour cherry sort .....	pag.29
Iordănescu Olimpia Alina, Nicolici N., Drăgănescu E., Bucureanu Eva. Research concerning the quality and quantity of pear fruits belonging to some varieties and elites of pear tree in the conditions of the Lugoj tree culture area .....	pag.33
Băla Maria, Iordănescu Olimpia Alina Behaviour of some begonia species concerning vegetative multiplication possibilities, in conditions of Didactic Station Timișoara, ranch no.6 .....	pag.37
Blidariu Aurelia, Iordănescu Olimpia Alina, Drăgănescu E., Bucureanu Eva. The comportament of some nut tree biotypes from Pădureni, Timiș county .....	pag.43

Vanc F., Duma M., Popa C., Drăguț D., Vanc Anița, Popa Rodica  
The economic efficiency in comparison with the ecoclimatic conditions specific to the  
Miniș-Măderat vineyards .....pag.46

Mureșan Claudia, Ciutină V., Chiș S., Palcu S.  
The influence of climatic conditions over the evolution of the phenolic compounds  
from the Great Burgund grape variety from the vineyards from eastern and western  
side of Romania .....pag.51

Drăgulescu Aneta Anca, Lăzureanu A.  
The influence of the technological practices applied during the vegetation on table  
grape yield in the conditions of Didactic Station Timișoar..... pag.57

Denes A.  
The effect of soil maintenance types on the evolution of the maturation of the cadarca  
variety in the winegrowing center Recaș .....pag.61

Denes A., Dobrei A.  
The response of the Creț variety to the different types of soil maintenance in the  
conditions of the western part of the country ..... pag.66

Osiceanu Silvia, Cruceru Sonia  
Technological issues on the Acanthaceae species greenhouse cultivation  
.....pag.70

Ciofu Ruxandra, Davidescu Velicica, Madjar Roxana, Neață Gabriela, Dobrin Elena,  
Roșu Mihaela  
Researches concerning the influence of photoselective upon production and nitrates  
contents of tomatoes cultivated in solarium .....pag.79

Scorei R., Lascu N., Giorgota N., Toma V., Ploae Marieta, Croitoru Mihaela, Mitruț  
Mihaela  
Establishing of influence for organic compounds of boron over some quantity and  
quality elements of watermelons ..... pag.85

Scorei R., Lascu N., Giorgota N., Toma V., Ploae Marieta, Croitoru Mihaela, Mitruț  
Mihaela  
Research regarding the influence of foliary fertilization with productus basis on  
organic compounds of boron over some physiological indexes for watermelon culture  
.....pag.89

Drăghici Elena, Bodoi G., Coza Gheorghia  
The influence of some environment on lettuce seedling before to be transplanted in  
container size .....pag.95

Palcu S., Câmpeanu Gh., Chiș S., Mureșan Claudia  
The effects of the physical factors on the morpho-physiological and productions  
indicators for *Pisum sativum* in Arad agro-ecological area .....pag. 99

- Horgoș A., Oglejan Doina, Becherescu Alexandra, Bulboacă T.  
The use of mineral and organic substrates fertilised with Stimusoil 200 for tomato crops in industrial hothouses warmed with geothermal water .....pag.103
- Fărcășescu Alina Margareta, Iordănescu Olimpia Alina, Neacșu Alina Georgeta  
Of shooting capacity and growth rate of shoots to *Billbergia windii* .....pag.111
- Davidescu Velicica, Madjar Roxana, Floarea L., Peticilă A., Neață Gabriela  
Behaviours of *Chamaecyparis* sp. cultivated in containers under substrate pH correcting effect.....pag.115
- Erdei L., Csiszar Jolan, Tari Irma, Bartha Bernadett, Szepesi Agnes, Șulea Diana Corina, Lazăr A., Camen D., Staicu Mihaela, Petolescu Cerasela, Gabor Laura, Mihacea Sorina, Nedelea G.  
Oxidative stress antioxidants and total antioxidant activities in vegetables .....pag.121
- Camen D., Nedelea G.  
Preliminary study regarding the response of some *Valeriana officinalis* L., genotypes at *in vitro* culture conditions .....pag.131
- Lazăr A., Nedelea G.  
Researches concerning the determination of the anthocyan fractions from cell cultures of *Vitis vinifera* L. using high performance liquid chromatography (HPLC) .. .....pag.135
- Mihacea Sorina, Boldura Oana Maria  
The evaluations of lead effect of the symbiotic system of *Medicago sativa* – *Rhizobium meliloti* .....pag.138
- Furdi Florina, Botău Dorica  
Genes transfer using *Agrobacterium* system in *Solanum melongena* .....pag.143
- Boruz Violeta  
Flora and vegetation aspects in the Parângul Mic, Mija and Cârja mountains .....pag.147
- Călinescu Mirela, Isac Maria, Plopa Catița  
The influence of the culture media *in vitro* differentiation for some apricot cultivars .....pag.154
- Ciortan Ioana  
Taxonomy, ecology and chronology of some *Macromicetes* species from mountains region of Oltenia (Parâng and Vâlcan mountains) (fir tree forest stage) .....pag.159

- Popescu G., Ciortan Ioana, Boruz Violeta, Răduțoiu D., Costache I.  
Ecology, chrology and coenology of the *Orchidaceae* in Oltenia  
.....pag.169
- Popescu G., Răduțoiu D., Ciortan Ioana, Boruz Violeta,  
The flora and vegetation of the Topana forest (Olt county) .....pag. 182
- Negrea Monica, Alexa Ersilia, Lăzureanu A.  
Researches concerning nitrate and nitrite contamination of vegetable species in  
district of Timiș.....pag.191
- Petrescu Silvia, Marin F.C., Chițu E.  
The effect of tehe soil management system on some biochemical components of the  
soil and plants in a high densitiy apple orchard  
.....pag.195
- Trăilă Cristina, Alexa Ersilia, Lăzureanu A., Cosma Antoanela  
Research concerning the contamination with nitrates, nitrites and amonium of the  
surface water and underground water in the river Bega aria  
.....pag.200
- Tonea Cornelia, Drăgoi G., Popa D., Lăzureanu D., Piloca L.  
The influence of the unconventional tillage system upon fuel intake in maize crop  
.....pag.205
- Drăgoi G., Tonea Cornelia, Popa D., Lăzureanu D., Piloca L.  
The influence of soil minimal tillage upon some physical features and upon maize  
production in S.D.Timișoara .....pag.209
- Tonea Cornelia, Drăgoi G., Popa D., Lăzureanu A., Piloca L.  
The influence of soil tillage upon some physical features and upon wheat production  
in S.D.Timișoara .....pag.213
- Stanciu S., Stanciu Alina, Cândea Adriana Beatrice  
The legislative evolution concerning horticultural sector in the European Union  
.....pag.217
- Stanciu S.  
Legislative measures regarding oenological practices quality and labeling  
.....pag.222
- Stanciu S.  
EU pesticide legislation – friend or foe for developing  
countries.....pag.228

Prunar Silvia, Şumălan Renata Study concerning the determination of the rhizospheric microflora structure at the transgenic soy plants .....	pag.233
Velicevici Giancarla, Nedelea G. Correlation coefficients between production (YS, YP) and drought tolerance indices in some barley cultivars ( <i>Hordeum vulgare</i> ) .....	pag.239
Venig-Ungur Aurora The influence of the grafting time upon the total biomass accumulated in kg/ha for apple and apricot trees at S.C.D.P.Bihor nursery .....	pag.243
Venig-Ungur Aurora The influence of the crafting time upon the production of crafted trees for apple and apricot trees species at S.C.D.P.Bihor nursery .....	pag.247
Zehan Rodica Liana German plant names and geographical ones.....	pag.253
Lazarov Sebastiana Mihaela, Nedelea G. The study of the combination ability for the grain number in the main spike in F <sub>1</sub> hybrids .....	pag.256
Bucurean Eva, Iordănescu Olimpia Alina, Drăgănescu E., Blidariu Aurica Studies regarding the behaviour of some sorts of peach-tree according to their planting distance and wreath shape .....	pag.259
Bucurean Eva, Iordănescu Olimpia Alina, Drăgănescu E., Blidariu Aurica The influence of slope-lands upon the apricot tree, in the area Oradea.....	pag.264
Dobrei A. Researche concerning the grape qialuty increae in cse of some table grape vrieties using specific technological practices during vgetation stage .....	pag.269
Dumitraşcu T. A study of the factors favouring the appearace of drgrading processes of lands and soila in the Bistra marului drainage area .....	pag.275
Cioroga Adriana, Botău Dorica, Ivan Alexandra The influence of hormonal balance of in vitro <i>Capsicum annuum</i> culture .....	pag.279
Matei Irina Florentina, Lăzureanu A. The influence of preemergent plant over maize culture production .....	pag.283

Danci Oana Marcela, Nedelea G. Studeis regardin potato ( <i>Solanum tuberosum</i> L) regeneration using meristem tip culture technique .....	pag.287
Danci Marcel, Nedelea G., Danci Oana Studeis regardin wheat calus induction and plants regeneration from anthers and imature embryos culture .....	pag.290
Todica F., Nedelea G. Researches concerning yield stability of some winter wheat varieties in different environmental conditions .....	pag.293
Todica F., Nedelea G. Researches concerning the ecological plasticity of some autumn wheat varieties cultivated in the climate conditions of Banat plain .....	pag.297
Hălmăgean I., Crișan Simona, Chiș S. The management of integrated control of weeds from medicinal herbs crops in the agro-ecological area of Arad .....	pag.302
Țâru Viorica Climate ability of the C-V.teremia of producing red wines .....	pag.306
Lăzureanu A., Cârciu Ghe.,Manea D., Alda S., Lăzureanu D Researches regarding the efficiencyof some herbicides in fighting against weeds in the autumn wheat crop, at the didactic station timisoara in 2005 .....	pag.309
Târu Viorica Reconversion of vineyards from Timiș county .....	pag.314
Berar V., Poșta Gh., Vasiescu Realta Ninive Studies concerning the behavior for some green pepper local landraces in the climate conditions of Banat's Field.....	pag.317
Poșta Gh., Berar V., Vasiescu Realta Ninive Studies concerning the bahavior of some ealy cabbage hybrids in comnparative cultures at Didactic Station Timișoara .....	pag.321
Barnoczki A., Barnoczki Sztoilova Elena Ghanges in qualitative onion indicators in respect of nutrient and water supply .....	pag.325
Ștefan Carolina, Jurculeț Mihaela, Foră C., Hernea Cornelia Outdoor furinture .....	pag.330
