
Table of Contents

Ionescu A. , Hoza D. - The intensity of some physiologic processes of the “FLORINA” apple tree breed, in different systems of crown pruning	1
Giura A. - Off-type plants in wheat by aneuploidy	5
Gulca V. - Energy from Forest Biomass: Current Challenges for Future Generations of Moldova	10
Hoza Gheorghita - Researches regarding the physiological, agrochemical and morfological state of cabbage seedling while planting	18
Briciu Daniela, Pamfil, D., Briciu A. , Pop Iulia, Catalina Ioana, Curticiu Dana, Balazs Erika, Ganea Stefana - Two methods of DNA extraction from musts and leaves	21
Briciu Al., Pamfil D., Briciu Daniela, Petricele Ioana, Curticiu Dana, Balazs Erika, Zagrai I. - Molecular differentiation of Plum pox strains in Cluj plum-growing area using RT-PCR and RFLP techniques	24
Baciu Anca, Mike Luiza, Popa Daniela, Nemes Zsuzsanna - Results in potato breeding department of potato research and development station Targu Secuiesc	28
Banu C. , Fora C.G. - The evolution of the national forestry fund in Romania and of the works carried out within it	35
Bratu Elena - Characterization of some plant extracts produced for vegetable pests control	42
Bunea Claudiu-Ioan, Ardelean M., Nastasia Pop, Anca Babeş - Influence of variety and the type of cultivation (organic and conventional) on productivity, in four table grapes varieties, grown in Cluj county, Romania	53
Dobrin Ionela, Dumbrava M., Iacomi Beatrice - Studies regarding factors which influence the biodiversity in a fruit-growing ecosystem	58
Dumitru Maria, Petrisor Cristina, Barbulescu Adela, Roman Marius - The influence of extraradiculare fertilization on productivity at cherry tree	61
Fora C.G., Lauer K.F., Fora Corina Alina, Damianov Snejana - Cameraria ohridella deschkha & dimiç (Lepidoptera, gracillariidae), a damaging pest of Aesculus hippocastanum L.	64
Fora C.G., Lauer K.F., Ştefan Carolina, Banu C. - Hericium erinaceus and Sarcoscypha coccinea in deciduous forest ecosystem	67
Ilie Alina, Barbulescu Adela, Neamtu Maria, Petcu Andreea, Petrisor Cristina, Dumitru Maria - The behaviour in culture of some varieties and hybrids of strawberry obtained through multiplication of two technologies	69
Ciontoiu Ionela-Loredana, Anton Doina - Research concerning some woody	

flower plants biology and propagation technology	73
Tanasescu Ioana, Holonec L. - Study regarding the behaviour of timber and wood based materials in aggressive environments	76
Iordache Maria, Barbulescu Adela , Petcu Andreea., Ghioca S., Roman M. - The influence of the hydric deficit of soil upon the growth in length wise of young peach offshoots concerning the global heat	80
Marin F.C., Sumedrea Mihaela, Sumedrea D., Călinescu Mirela, Tanasescu Nicolae, Smaranda Şt. - Phytoprotection technologies for new promoted apple cultivars	84
Ianovici Nicoleta - Analysis of pollen counts of Betulaceae in Timisoara, 2001–2004	94
Petrisor Cristina, Barbulescu Adela, Ilie Alina, Petcu Andreea, Dumitru Maria, Ghioca S., Roman M. - The influence of storage condition on qualitative attributes of Triumf peach cultivar during storage	100
Petcu Andreea, Dumitru Maria., Barbulescu Adela, Neamtu Maria, Iordache Maria, Ilie Alina, Petrisor Cristina - The germinative capacity of the pollen, the autopollination potential and the free polination for some breeds of apricot, peach and nectarine tree	105
Popa D., Tonea Cornelia, Ilea R., Drăgoi Gh., Piloa L., Tonea Elena, Becherescu Alexandra - Study regarding the influence exerted by tillage technologies on maize physical features and yield, at S.D. Timisoara	111
Curticiu Dana Maria, Balazs Erika, Briciu Daniela, Briciu Ciprian, Taoutaou A, Pop Tiberia, Ganea Stefana, Cota Laura, Botez C. - RAPD and SSR marker selection for some dihaploid wheat lines for Septoria Tritici resistance	114
Sumedrea Mihaela, Marin F.C., Sumedrea D., Chitu E., Călinescu Mirela, Smaranda Şt. - New phytoprotection technologies for 'Idared' cv apple orchards	118
Smaranda St. - Influence of plant protection management system on the apple orchard ecosystem	128
Tincă Gabriela, Munteanu N., Pădurariu Anca, Podaru Maria, Teliban G. - Optimization of certain technological measures for hyssop (<i>Hyssopus officinalis</i>) crops in the ecological conditions	132
Danci M. - Researches concerning the variability of fertile tillers number for the somaclones and gametoclones of the wheat cultivar Lovrin 41	135
Băncilă Măriuța, Marinca C., Snejana Damianov, Simeria Gh. - Research concerning the establishment of plum cultivation technology in a superintensive system	139
Coța Laura Cristina, Grigoraș M., Botez C., Curticiu Dana, Balazs Erika - Molecular analysis of wheat dihaploid lines in scope of selection for common bunt resistance	142
Cantor Maria, Buta Erzsebet, Lia Mladin - Improving collections of floral plants with new <i>Canna indica</i> cultivars	147
Becherescu Alexandra - Efficacy of integrated protection complexes in fighting against the pest <i>Delia antiqua</i> meig	151
Botos Andreia, Lazureanu A. - Evaluation of nitrate contamination level in the	

surface waters from Caras-Severin County	155
Botos Andreia, Lazureanu A. - Contamination with nitrates and nitrites of the surface waters in Gradinari locality, Caras-Severin County	159
Ianovici Nicoleta - Aerobiological monitoring of Taxaceae/Cupressaceae pollen in Timisoara	163
Dragomir P. I. , Jianu S., Hernea Cornelia, Visoiu Dagmar - Improvment works in Steierdorf perimeter to increase of ecological value of degraded lands	171
Baciu Anca, Danci Oana, Petruş – Vancea Adriana, Sărac I., Mike Luiza - Results regarding potato (<i>Solanum tuberosum</i> L.) cultivars reaction to in vitro culture conditions	174
Danci M., Berbentea F., Alda Liana, David I., Danci Oana, Bujanca G., Chiş S., Alda S. - Studies regarding thousand grains weight for Dropia's somaclones and gametoclones	179
Banu C. , Fora C.G. - Romania forestry resources on development areas	184
Ştefan Carolina , Fora C. , Banu C. , Petrescu Irina - It is the ecology a modern science?	189
Buta Erzsebet, Cantor Maria, Buta M. - Decorative elements and species recommended for a rustic garden	192
Ştefan Carolina, Fora C., Vişoiu Dagmar, Hernea Cornelia, Constantinescu Alina - Landscape painting in Japanese gardens	<u>195</u>
Dobrei A., Ghiţă Alina, Cristea T., Sfetcu Andreea - The influence of soil maintenance systems on vigor, quantity and production quality at some grape varieties for wine	197
Balazs Erika, Botez C., Taoutaou A., Curticiu Dana, Briciu Daniela, Cota Laura, Ganea Stefana - Study of monogenic resistance of potato to <i>Phytophthora infensans</i> , using RAPD markers	201
Beinsan Carmen, Camen D. , Sumalan R. , Schmidt Brigitta, Popescu Ioana - Influence of salt stress on some local land races bean (<i>Phaseolus vulgaris</i> L.) photosynthesis and transpiration rate	204
Jianu S. F., Dragomir P. I. - Using WEPP-Software in order to help preserving forest biodiversity in Romania	208
Tenche-Constantinescu Alina, Szekely G., Dagmar Vişoiu, Craciunescu Adam, Chisalita Ion - Species of trees and shrubs planted in Timisoara in the year 2008	213
Szekely G. - A new park for the town of Jimbolia	217
Tenche - Constantinescu Alina, Szekely G. - New playgrounds for the children of Timisoara	220
Szekely G., Tenche –Constantinescu Alina, Visoiu Dagmar - A new public garden in Fabric Quarter Timisoara	223
Szekely G. - The endangered parks of Timisoara	226
Dobrei A., Mos Victoria - Research on identification and enhancement of local	

wine germoplasm in Buzias-Silagiu, area in order to achieve biodiversity conservation	228
Taoutaou A., Socaciu Carmen, Pamfil D. , Balazs Erika, Botez C., Curticiu Dana, Ganea Stefana, Rusu Anda Raluca - Comparison between oligo- and mono R potato with RAPD markers	234
Ştefan Carolina, Vasiescu Realta Ninive, Băluţă Daniela, Mihut Casiana, Fora Ciprian - The Villandry garden	237
Vasiescu Realta, Sorca D. , Stefan Carolina, Baluta Daniela - Crown systems artistically espaliered in the apple tree	240
Cristescu Ileana Mihaela, Anton Doina, Simeanu C. G. - The study of foliar epidermis at species of succulents flowery plants belonging to the Senecio genre (Fam. Asteraceae)	244
Cristescu Ileana Mihaela, Anton Doina - The study of the foliar epidermis at species of succulents, flowery plants belonging to Crassula and Sedum genres	249
Anton Doina, Cristescu Ileana Mihaela - Investigations regarding the rooting of the cuttings belonging to some species of succulents, flowery plants	255
Şumălan Renata, Alexa Ersilia, Negrea Monica, Schmidt Brigitta - Study regarding the structure and activity of edaphic microflora community in conditions of glyphosate addition	260
Onet Claudia , Ghinea L., Sumalan Renata , Schmidt Brigitta - Study about characterization of high valuable genotypes of symbiotic nitrogen fixation regarding of competitive capacity	264
Onica Dana, Cachita Dorina - The Echinacea species	268
Mladin Lia, Caprar M. - Biodiversity conservation by multiplication of some rare species at the Botanical Garden “Vasile Fati” from Jibou	272
Alda Liana Maria, Lazureanu A., Alda S., Carciu Gh., Danci M., Băluţă Daniela - The climate conditions influence on natural weeding of winter wheat crop	275
Butar Diana, Nedelea G. - Evaluation of breeding potential for some paprika pepper cultivars	280
Butar Diana, Nedelea G. - Study of F ₁ paprika pepper hybrids regarding fruit length	283
Ciulca Adriana, Madosa E., Ciulca S., Friskan Ilijana - Evaluation of breeding potential for some quality traits in winter barley using multiple selection indices and multivariate analysis	287
Ciulca Adriana, Madosa E., Ciulca S, Velicevici Giancarla, Friskan Ilijana Analysis of genetic variance and regression for soluble protein content in F ₁ hybrids of winter barley	292
Iordanescu Olimpia, Szonyi (Rechiţean) Isabela, Micu Roxana, Mihut Casiana Researches concerning the influence of manual thinning of Romus 2 apples in conditions of Timisoara	295
Iordanescu Olimpia, Micu Roxana, Szonyi (Rechiţean) Isabela, Blidariu Aurelia, Becherescu Alexandra - Researches Concerning the Behaviour of Some Peach Varieties in Conditions of Timisoara Concerning the Fruit Binding Degree and Obtained Production	299

Blidariu Aurelia, Iordanescu Olimpia Alina, Micu Roxana Elena, Blidariu, C. - Research concerning the pollen germination of some nut tree byotypes in Sannicolau Mare	302
Simion Costinela, Anton Doina - Research concerning generative and vegetative propagation on Nerium Oleander L.	306
Adam I. - The spreading of the Turkey oak (<i>Quercus cerris</i> L.) in Romania. Forestry sites and Turkey oak stands	309
Ganea Laura Ștefana, Balázs Erika, Bota Dana, Briciu A., Briciu Daniela, Coța Laura, Floran Valentina, Pop Tiberia, Taoutaou A. - Improved DNA isolation protocols in wheat	315
Merce O., Turcu D., Cadar N. - Researches on the ecological role of dead wood in the Natural Reserve "Izvoarele Nerei"	318
Hernea Cornelia, Corneanu Mihaela, Vișoiu Dagmar - Researches concerning the wood density of <i>Robinia pseudacacia</i> L. var. <i>Oltenica</i>	334
Hernea Cornelia, Corneanu Mihaela, Vișoiu Dagmar - Researches concerning the interpopulational variability and correlation between leaf characters of <i>Robinia pseudoacacia</i> var. <i>Oltenica</i>	337
Cincă Lidia - Identification and evaluation of old apple varieties in Gorj County	340
Carciu Gh., Lazureanu A., Alda S., Manea D., Băluță Daniela, Danci M., Negrea Monica, Buzatu C., Motroc P. - Impact of fertilization on yield in garden beet, cucumbers, celery, radish and spring onion	344
Carciu Gh., Lazureanu A., Alda S., Băluță Daniela, Alda Liana Maria, Drăgunescu Anca, Vasiescu Realta, Carciu Lenuta, Ștefan Carolina - Impact of fertilization on nitrate content in garden beet, cucumbers, celery, radish and spring onion	348
Adam I., Fratila E., Cadar N., Ene Constanta - The elaboration of an integrated plan of fire preventions for the Domogled-Cerna Valley National Park	353
Navolan C., Horgoș A., Navolan Daniela, Becherescu Alexandra, Ciuca Ghe. - The new method "multiple thermic disinfection" of cellulosic materials from composition of nutritive substrate and its effects on <i>Pleurotus ostreatus</i> production	358
Ciulca S., Madoșa E., Ciulca Adriana., Chiș S. - Studies concerning the estimation of drought tolerance in winter barley using the germination of seeds in PEG solutions	365
Ciulca S., Madoșa E., Ciulca Adriana., Chiș S. - Combining ability for grain number per spike in six-row winter barley	369
Pop M.R. - Methods of multiplication of some perennial floriculture species for mosaics and borders <i>Aubrieta deltoidea</i> , <i>Arabis albida</i>	372
Pop M.R., Sand Camelia, Mihaela Antofie Barbu C.H., Balan Mironela, Grusea Angelica, Boeriu H.G., Popa I. A. - Study for identify new genetic resources resistant to acidity for in <i>Lolium perenne</i> L. tetraploid species	375
Madoșă E., Ciulca S., Sasu Lavinia, Velicevici Giancarla, Avădanei C.,	

Ciulca Adriana, Friskan Ilijana - Studies regarding breeding value of some long pepper local landraces	379
Sasu Lavinia, Nedelea G. - Study of some bell pepper local landraces regarding quality and seed production related traits	383
Danci M. - Researches concerning the weight of the grains in the main spike variability for the somaclones and gametoclones of the cultivar Lovrin 41	387
Nagel, T. G. - The QuEChERS Method - A new Approach in Pesticide Analysis of Soils	391
Lăzureanu A., Cuc Liana, Cozma Antoanela, Vlăescu Dana, Lăzureanu D., Crăciunescu A. - Research concerning nitrogen and triazine compound content of surface and ground waters in western Romania	392
Mihacea Sorina, Boldura Oana-Maria, Petolescu Cerasela, Badea Elena - The GM (genetically modified) detection and quantification in different corn samples	398
Băla Maria, Berecici Daniel Nicola - Behavior of new varieties of Chrysanthemum indicum at the Didactic Base of the Faculty of Horticulture and Forestry in Timisoara	402
Băla Maria, Berecici Daniel Nicola - The treatment effect of Cycogan on the growing and flowering on some species of Pelargonium genus	406
Danci Oana, Angelika Ziegler, Lesley Torrance, Gasemi S., Danci M. - Potyviridae Family – short review	410
Danci Oana, Erdei L., Vidacs Livia, Danci M., Baciuc Anca, David I., Berbentea F. - Influence of ribavirin on potato plants regeneration and virus eradication	421
Soare Rodica, Duta Adriana, Roşculete Elena, Iancu Paula - The utilization of some technological practices regarding the lettuce crop in order to reduce of the pollution edible organs	426
Baluta Daniela, Carciu Gh., Stefan Carolina, Vasiescu Realta, Molnar L., Danci Oana, Petrescu Irina - Researches concerning grape cultivar's Burgund Mare production, after soil fertilization, in the Didactic Station Timisoara	431
Boldura Oana-Maria, Nedelea G. - Transfer of BEST markers from <i>M. truncatula</i> to <i>M. sativa</i> , in order to identify the border sequences of the chromosomal gene space	435
Lazăr A. - Experimental result concerning the growth rate of <i>Vitis vinifera</i> L. cell biomass in suspension cell culture in Braun bioreactor	439
Lazăr A., Petolescu Cerasela - Experimental results concerning the synthesized anthocyanin amount in the <i>Vitis vinifera</i> L. suspension cell culture in the laboratory bioreactor	443
Botău Dorica, Lazăr A., Franț Alexandra, Ciulca S., Bolda Vanda - Callus culture and suspension cells in <i>Momordica charantia</i>	447
Dobrei A., Sala F., Ghiță Alina, Mălăescu Mihaela - Researches concerning the influence of different fertilization systems on the quantity and quality of the production at some table grapes cultivars	454
Dobrei A., Mălăescu Mihaela, Ghiță Alina, Dărăbuș Rodica, Cristea T. - Researches on the evolution of the annual biological cycle at some grape varieties	

under different pedo-climatic conditions	458
Poșta Daniela Sabina, Hernea Cornelia - Researches concerning the production of planting material using vegetative propagation on <i>Juniperus horizontalis</i> mch	462
Poșta, Gh., Berar, V. , Balint, M. - Research on yield performance culture chive onion by using forms of Macau in terms of the field at Didactic Base Timisoara	465
Berbentea F., Berbentea Crina, Trașcă T., Georgescu L., David I., Rinovetz A., Danci Oana, Bujanca G., Micula Lia, Danci M. - The concerning the proteines variations of the Bănățean Sausage in function of the concentration the starters cultures of lactic bacteria add (II)	469
Danci M., Carciu G., Berbentea F., David I., Danci Oana, Dragunescu Anca, Tudor-Radu C.M., Bujanca G., Chiș E. - Researches concerning the length of the main spike variability for the somaclones and gametoclones of the cultivar Lovrin 41	471
Petolescu Cerasela, Lazar A. - <i>In vitro</i> variability of <i>Cymbidium</i> sp. based on random amplified polymorphic DNA (RAPD) markers	475
Ghasemi,S., Kamelmanesh, M.M., Namayandeh, Anita, Biabanikhankahdani, Roya - An evaluation of tolerance of some bean (<i>Phaseolus vulgaris</i> L.) genotypes to bean Common Mosaic Virus (BCMV) using principle components and biplot analysis	478
Csaba Lantos, Anikó Gémes Juhász, György Somogyi, Krisztina Ötvös, Pál Vági, Róbert Mihály, Zoltán Kristóf, Norbert Somogyi, János Pauk - Generation of homogeneous parental lines for pepper hybrids	483
Damianov Snejana, Simeria Gh. , Fora C. , Cotuna Otilia , Măriuța Băncilă - Influence of Bionat plus foliar bio-fertilizers on the vegetative growth of seedlings on fields I and II	486
Bucurean Eva, Sărac I. - The effect of some herbicides upon weeds from the sunflower culture	489
Bucurean Eva, Sărac I. - The effect of the nitrogen phosphorus and potassium fertilizer upon some elements of the winter wheat crop	493
Buzatu C. - The behaviour of some potato varieties for early and semi-early cultivation in the conditions of the Banat Plains	498
Buzatu C. - Research regarding biological and quality characteristics of some autumn barley varieties in Romania's Western Plains	502
Buzatu C. - Research regarding the influence of different biological categories on production and quality at the Dropia autumn wheat	506
Buzatu C. - Research regarding the unilateral and interaction effects of some technological factors on the growth of grain production in the seed lots at the Dropia variety	509
