## Table of Contents

<b>Md. Aklimuzzaman, Chayon Goswami, Jewel Howlader, Hafij Al Kader, Md. Kamrul Hassan</b> - Postharvest storage behavior of litchi	1
<b>Bretan Laura, Boltea F., Moldovan Camelia, Mihaiu M.</b> - Study on the contamination with heavy metals of the vegetation harvested around the Baia Mare area	9
<b>Atănăsoaie G.</b> - Romanian sector of organic vegetables: an overview	13
<b>Atănăsoaie G.</b> - Distribution channels on the organic foods market	19
<b>C. Goswami, M. A. Hossain, H. A. Kader and R. Islam</b> - Assessment of Physicochemical Properties of Jackfruits' ( <i>Artocarpus heterophyllus</i> Lam) Pulps	26
<b>Copcea S. F., Lazureanu A.</b> - Presentation and interpretation of results during 2006- on water river quality Danube-Buzias and Danube – Pristol	32
<b>Copcea S. F., Lazureanu A.</b> - Presentation and interpretation of results during June/September 2008 on water quality from drilling in Cujmir locality, Mehedinti County	36
<b>Mohammad Mostain Kabir, Chayon Goswami and A. K. M. Zakir Hossain</b> - Aluminium (Al) tolerance variability in seven wheat cultivars	39
<b>Costea B., Lăzureanu A.</b> - Influence of fertilization on peach production (Redheaven, Sunhaven and Redglobe varieties) and nectarine (Cora, Delta and Romamer varieties)	49
<b>Costea B. , Lăzureanu A.</b> - The Impact of Herbicidation in variants on the degree of weedness to the Redglobe, Cresthaven and Sunhaven Peach-trees	53
<b>Fora, C.G., Lauer, K.F., Vișoiu, Dagmar, Berar, C.</b> - Researches on population dynamics of spruce bark beetle <i>Ips typographus</i> L. (Coleoptera: Scolytidae), his insect predators and parasitoids, in Natural Park Apuseni	58
<b>Fora, C.G., Lauer, K.F., Banu, C., Berar, C.</b> - Researches on insect predators and parasitoids of six-toothed spruce bark beetle <i>Pityogenes chalcographus</i> L. (Coleoptera: Scolytidae), his population dynamics, in Natural Park Apuseni - A project presentation -	61
<b>Danci M.</b> - Experimental results regarding the number of grains in the main spike for <i>Drophia's</i> somaclones and gametoclones	64
<b>Gaspar S., Schmidt Brigitta, Sumălan R., Moisuc A.</b> - Researches regarding the effect of thermal power station ashes on the alkaline and alkaline-earth metal content of <i>Dactylis glomerata</i> L. plants	68
<b>Berar C., Silivășan M., Fora C.</b> - Landscape development project of a roof garden for industrial hall in Timisoara Municipality	71

<b>Berar C., Silivășan M., Bala Maria</b> - Study on achieving a garden of senses in Icloda Locality, Timis County	75
<b>Berar T., Silivășan M., Berar C.</b> - Study regarding the natural landscaping of a private garden in Giroc Commune, Timis County	81
<b>Berar T., Silivășan M., Berar C.</b> - Study regarding the landscape arrangement of the green space located in the yard of Astronomic Observatory of Timisoara Municipality	85
<b>Bîtea Nicoleta - Daniela, Madoșa, E.</b> - Studies regarding the intraspecific phenotypic variability of <i>Anacamptis pyramidalis</i> (L.) Rich. ( <i>Orchidaceae</i> ) from Anina Mountains	89
<b>Bolda Vanda Veres, Botău Dórica</b> - Researches regarding antioxidant capacity in callus cultures and native plants of <i>Vaccinium myrtillus</i> L. local populations	94
<b>Mănescu Camelia, Anăstăsoaei S., Mateoc-Sîrb Nicoleta</b> - The forest evolution in Romania after 1990	100
<b>Mănescu Camelia, Mateoc T., Mateoc-Sîrb Nicoleta</b> - The stage of agriculture county Timis	106
<b>Ciucur A., Dobrei A.</b> - Research on the production potential of some varieties and local biotypes of vines in the areas Seliște – Prunișor, Arad County	110
<b>Balașcău G. D.</b> - Chemical characteristics of natural watercourses in the Gurahont Depression	115
<b>Gaspar S., Schmidt Brigitta, Șumălan R., Moisuc A.</b> - Researches regarding the effect of ash from thermal power station on growth and development of <i>Festuca arundinacea</i> plants	123
<b>Nichiforel Raluca, Nichiforel L.</b> - Perception of relevant stakeholders on the potential of the implementation of the “Due Diligence” system in combating illegal logging in Romania	126
<b>Lovas L., Mănescu Camelia, Mateoc-Sîrb Nicoleta</b> - The importance of forests in maintaining biodiversity. The case study Mureș meadow afforestation	134
<b>Barnoiaica Adriana-Roxana</b> - Land Cover Change Detection in Suceava County in 1956-2005	138
<b>Savin A.</b> - The influence of temperature and precipitations on soil humidity in the hilly forestry area of Suceava County	147
<b>Ciurariu E. S., Berar C., Silivășan M.</b> - Study regarding the projection surface of the ornamental trees species from Justice park located in downtown Timisoara	152
<b>Ciurariu E. S., Silivășan M., Berar C.</b> - Study on surface of vegetation coverage in the Alpinet park located on the river Bega Timisoara	156
<b>Moisii Iulia, Lazureanu A.</b> - Results regarding the time and duration of flowering at the sunflower hybrids Mateol and Splendor	159
<b>Moisii Iulia, Lazureanu A.</b> - Experimental results regarding the weed degree and weed control at sunflower crop	162
<b>Silivășan M., Berar C., Fora C.</b> - Research on the influence of different types of cuttings and training operations used in the fruit fences	168

<b>Silivășan M., Berar C., Băla Maria</b> - Study on establishment of a crown-shaped fruit fence "U" simple and "U" double at some species of apple and pear	172
<b>Barnoiea Adriana-Roxana</b> - Quantifying landscape fragmentation on orthophotos in Suceava and Neamt Counties using FRAGSTATS	175
<b>Ban I.</b> - On assessing the effect of rooting stimulators and substrate of the roots' development and growth of <i>Buddleia davidii</i> and <i>Campsis radicans</i> shoots	182
<b>Ban I., Oneață M.</b> - Assessing the leaf gas exchange for <i>Platanus hybrida</i> seedlings	188
