
Table of Contents

Ardelean Alina Grigorita - Research regarding the effects of foliar compositions over production and over the quality of the tomato fruit in protected spaces cultures (solar greenhouse)	1
Ardelean Alina Grigorita - The essential agrochemical changes of the soil cultivated with tomatoes under the influence of the fertilization methods applied to the field cultures	7
Briciu A., Pamfil D., Briciu Daniela, Petricele Ioana - Molecular and serological differentiation of Plum pox strains in Transylvanian fruit central area - Mures plum-growing area	11
Baciu Anca, Goncz E., Nemes Zsuzsanna - Fertilization optimization in the case of the <i>Nemere</i> variety through the refinement of the romanian chemical fertilizer in the Targu Secuiesc depression	15
Baciu Anca, Goncz E. - The influence of the dose and rate of chemical fertilizers on culinary quality to <i>Milenium</i> , <i>gared</i> and <i>Nemere</i> potato varieties	21
Doncean Ancuța, Șumălan Renata, Șumălan R. - Comparative study of aerobic microorganisms in compost	29
Muresan Alina Olga, Indrea D., Maniutiu D., Sima Rodica - The effect of minimum strip-tillage cover crop system on a few vegetable crops	35
Rotaru Liliana, Mustea M. - The agrobiological and technological value for Paula table grapevine variety in vineyard area of Iasi	40
Rotaru Liliana, Mustea M., Petrea Gabriela - The evolution of the maturation process of grapes for quality white wines in the Copou viticultural centre from the Iași vineyard	44
Dragomir P., Szekely G. - Hornbeam trees in the parks of Timisoara	47
Dragomir P., Szekely G. - Elm trees in the parks of Timisoara	50
Popoviciu Gheorghina-Lenuța, Lăzureanu A. - Impact of mineral and organic fertilisers on water table quality at Birda, Pădureni and Gătaia farms	53
Fora, C.G., Lauer, K.F., Ștefan, Carolina, Moatăr, Mihaela - The efficiency of spraying with insecticide against the invasive moth <i>Cameraria ohridella</i>	59
Popescu Simona Mariana - The combined effects of CO ₂ and O ₃ on the physiology of the grapevine (<i>Vitis Vinifera</i> L. cv. <i>Merlot</i>)	62
Popescu Simona Mariana - Evaluation of the climatic conditions of Banu Mărăcine Viticultural Centre	67
Szekely G., Vișoiu Dagmar - Lilac shrubs in the parks of Timisoara	72

Szekely G., Vişoiu Dagmar - Willow trees in the parks of Timisoara	75
Constantinescu Alina, Szekely G. - Birch trees in the parks of Timisoara	78
Constantinescu Alina, Szekely G. - Forsythia shrubs in the parks of Timisoara	81
Gocan Tincuța Marta, Măniuțiu D.N. - Research regarding the fertilization system depending on the period of culture of carrots	84
Vişoiu Dagmar, Szekely G. - Pine trees in the parks of Timisoara	87
Vişoiu Dagmar, Szekely G. - Oak trees in the parks of Timisoara	91
Nicolae I., Camen D. - Physiological modifications in <i>Zinnia elegans</i> jacq. As a result of the attack produced by <i>Erysiphe cichoracearum</i> dc.	94
Nicolae I., Camen D. - Physiological modifications in <i>cerasus avium</i> (l.) Moench as a result of the attack produced by <i>Blumeriella jaapii</i> (rehm) arx.	100
Şarpe N. - The no-tillage system applied to hybrid grape vine	106
Cristescu Mihaela, Anton Doina, Nicu Carmen, Manda Manuela - Research on the influence of the sampling periods on the propagation to cuttings at some succulent plants	109
Ştefan Floriana Maria, Gruia M., Giorgota Andreea Oana - Researches on some fundamental physiological processes at several species of the genus <i>Prunus</i> , in depending of limiting factors action	115
Jakab-Ilyefalvi, Zs., Pamfil D., Craciun C. - Transmission electron microscopy of <i>Plum pox virus</i> , <i>Prunus necrotic ringspot virus</i> , <i>Prune dwarf virus</i> in plum (<i>Prunus domestica</i> , L.)	120
Thomas G. Nagel - Considerable Bee Extinction in the Upper Rhine Valley in 2008	126
Vizitiu (Bălăşoiu) Diana , Dejeu L. - Crown gall (<i>Agrobacterium</i> spp.) and grapevine	130
Mike Gabriella - Promotion of Romanian potato varieties by the help of agriculture marketing	139
Motica R., Nemes Zsuzsanna, Mike Luiza - Partial results concerning the resistance of new potato varieties and potato lines to the fungus <i>Phytophthora infestans</i>	143
Nemes Zsuzsanna, Baciu Anca, Motica R., Mike Luiza - Improvement the growing technology of table potato by optimization the nutrition space	147
Motica R., Nemes Zsuzsanna , Mike Luiza - Partial results concerning the virotic degeneration of foreign varieties under the climate conditions in the area of Targu Secuiesc	151
Nemes Zsuzsanna, Baciu Anca, Motica R., Mike Luiza - Increases the yield and quality of table potato by improving the intensive protection technology of potato crop	156
Pop M., Sand Camelia, Bobiț Dana, Antofie Mihaela, Spânu Simona, Barbu H., Blaj R., Ciortea Gligor, Leon Muntean, Mircea Savatti - Influence of the <i>Angelica archangelica</i> L. seeds harvesting area on germinative faculty	161
Pop M.R. - The correlation created between some morphological characters of the	165

Angelica archangelica L. inflorescences and the seeds size

- Schmidt Brigitta, Șumălan R.** - The influence of arbuscular mycorrhizal fungi on ornamental characters of *Tagetes patula* L. 170
- Bartha Sz., Dorog L.S., Cărădan Adina Mioara** - Researches regarding the epicormic increments at the Turkey oak trees (*Quercus cerris*) on the Turkey oak stands from Bobostea forest (Bihor) 175
- Negrea Monica, Patrascoiu Mihaela, Lazureanu A., Radulov Isidora, Cocan Ileana** - Studies concerning food safety of vegetables existing on markets and hypermarkets from Timisoara 178
- Camen D., Beinșan Carmen, Nicolae I., Șumălan Renata, Doncean Ancuta, Șumălan R.** - Research regarding the influence of storage conditions in quality of some apple varieties 184
- Stanciu S.M., Tabără Amânar C.G.** - Considerations on forest crime in Romania 187
- Stanciu S.M., Tabără Amânar C.G.** - Comparative analysis of the offenses covered by forest legislation in Romania 191
- Ambăruș Silvica, Sansheng G., Brezeanu P.M, Brezeanu Creola, Calin Maria** - Studies on Culture Behaviour of Some Sweet Pepper Varieties (*Capsicum Annuum* L.) 197
- Brezeanu P.M, Munteanu N., Brezeanu Creola, Ambăruș Silvica** - Studies Regarding Tomatoes Suitability for Ecological System Culture 201
- Brezeanu Creola, Robu T., Brezeanu P.M., Ambăruș Silvica, Sansheng G.** - Documentation and Conservation on Genetic Resources of *Phaseolus aureus* 205
- Turc Alina, Lăzureanu A.** - The influence of dose fertilizer on the qualitative corn hybrid Furio 210
- Turc Alina, Lăzureanu A.** - The influence of dose fertilizer on the qualitative corn hybrid PR35P12 215
- Băluță Daniela, Ștefan Carolina, Cârciu Gh., Banu C., Moatăr Mihaela, Chisăliță I., Negrea Monica, Pătrășcoiu Mihaela** - Influence of soil fertilization on leaf surface at the variety Italian Riesling grape in conditions of teaching station Timișoara 218
- Ioja-Boldura Oana-Maria, Popescu Sorina, Petolescu Cerasela, Lazar A.** - The evaluation of six *KNOX* genes expression evaluated for *in vitro* grown tetraploid *Medicago sativa* plants 222
- Radomir Ana – Maria, Tudor Radu C. M.** - Preliminaries results concerning the *in vitro* multiplication of *Ginkgo biloba* species 227
