
Table of Contents

Nicoletto C., Santagata Silvia, Casalini Elisa, Sampalean Iudita Nina, Sambo P. - Effect of plantation age on organoleptic traits of a typical Italian green asparagus crop	1
Căprar M., Maria Cantor, C. Sicora - Species of <i>Rhododendron</i> acclimatization in the Botanical Garden of Jibou and their promotion in landscape	9
Căprar M., Maria Cantor, C. Sicora - Studies regarding vegetative propagation of <i>Rhododendron sutchuenense</i> Franchet species	13
Bărbuță Iulia, Măniuțiu D., Gocan Tincuța, Balcău Simina, Maxim Veronica - The influence of some technological sequences on the production of eggplants grown in plastic tunnels	17
Núñez-Trujillo Garoé, Cabrera R., Cosoveanu Andreea, Martín Toledo T., Giménez Cristina - Survey of Banana endophytic fungi isolated in artificial culture media from an applied viewpoint	22
Pop Delia Florentina, Mitre V., Balcău Simina Laura, Gocan Tincuța Marta, Tripon Andreea Flavia - Mulch and fertilizer effect on vitamin C concentration and acidity in strawberries	26
Pop Delia Florentina, Mitre V., Balcău Simina Laura, Gocan Tincuța Marta - Composition variation of vitamin C and acidity in ten varieties of strawberries under the influence of mulch and fertilizer	31
Nechita C. - The dendroarchaeology – review of dating the patrimony items across the globe	34
Nechita C. - The influence of early wood and late wood to emergence of pointer years in oak trees	41
Mălăescu Mihaela, Dobrei A., Ghiță Alina, Drăgunescu Anca, Velicevici Giancarla - The behaviour of some varieties of table grapes in Buziaș – Silagiu viticultural area, under the influence of various fertilization methods	48
Mălăescu Mihaela, Dobrei A., Ghiță Alina, Drăgunescu Anca, Velicevici Giancarla - The influence of fertilization on some varieties of wine grapes in Recaș viticultural area	55
Ivan Mihaela Aurelia - Physiological research on some species of the genus <i>Plantago</i> L. from Dobrogea region	61
Anghel Elena Daciana - The ecological diversity of the cormophytic flora from the Latorița hydrographic basin (Vâlcea County, Romania)	69
Baciu Anca, Mike Luiza - Nemere variety - result of potato breeding research at Station for Research and Development of Potato Targu Secuiesc	76
Baciu Anca - Reaction of native potato varieties to water stress	80

Băla Maria, Toța Cristina Elena, Berar C., Anghelache I. - On the Behaviour of Some New <i>Freesia</i> Cultivated in the Greenhouses of the BUASVM in Timisoara, Romania	87
Băla Maria, Toța Cristina Elena, Berar C., Anghelache I. - Effects of Cuts on Growth and Blooming of <i>Thea hybrida</i> Roses Cultivated at the Didactic Station of the BUASVM of Timisoara, Romania	90
Boja N., Boja F., Darau P. A. - Influence of the resistance to penetration and shearing on the gas consumption at the execution of the holes for planting saplings	92
Bratu I., Pascanut I., Pop M.R. - Study on the influence of soil trophicity on the bioaccumulation capacity of Norway spruce stand from Cindrel Mountains	99
Dima Milica, Diaconu Aurelia , Croitoru Mihaela - Research on the influence of seed tuber size and planting density on the yield of potato grown on sandy soils	105
Curcă M. - Auxological and dendochronological parameters analysis in the spruce cultures installed outside the range in Suceava County	111
Croitoru Mihaela, Toma V., Ciuciuc Elena, Rățoi I., Vladu Cristina - Researches regarding biochemical composition of plants and fruits cultivars of watermelons to some obtained on sandy soils in the conditions of biological agriculture	117
Dobrei A., Ghiță Alina Ciucur A. - Research on bunches weight of some varieties and local biotypes of table grapes in Arad County	125
Toța Cristina Elena, Băla Maria, Berar V. Moldovan Camelia, Anghelache I. - Effect of Bioactive Substances on Titratable Acidity in Greenhouse Cultivated Tomatoes	130
Gherghișan Ecaterina - Research on blastogenesis process <i>ex situ</i> in some species of angiosperms in Macin Mountains National Park	133
Rățoi I., Croitoru Mihaela, Vladu Emanuela Cristina - Behaviour of some varieties with black grapes for red wine in the first three years after planting on improved sandy soils from Southern Oltenia	141
Rusu Lucian - Diversity of forest ecosystems from Dognecea hills	148
Lazăr A., Petolescu Cerasela, Velicevici Giancarla, Popescu Sorina, Oana-Maria Boldura, Poșta G., Berar V. - Experimental aspects concerning in vitro growing of the chilli pepper (<i>Capsicum annuum L.</i>)	153
Neblea Monica, Comănescu-Paucă Mihaela, Bodescu F. - Data concerning forestry habitats from Buila-Vânturarița National Park	158
Tudor –Radu Mădălina - Environmental control of the phytopathogenic agents protected tomato crops and seed production	166
Turcu D. O. - Tree Mortality Processes in Natural Forests – short review	172
Turcu, D. O., Merce O., Cântar I. C., Cadar N. - Research on litter and humus amounts in a beech natural forest	181
Poșta Daniela Sabina - Research concerning the use of some seed and material preparation methods in the production of biological material in generative <i>Koelreuteria paniculata</i> LAXM	185

Blidariu Ciprian, Dobrei Alin - Research concerning the effect of green works and operations on yield in the Burgund mare grape variety cultivated at the Didactic Station in Timisoara, Romania	189
Grada F., Ciulca S. - Analysis of genotype x environment interaction for yield in some maize hybrids	192
Poșta Gh., Berar V., Balint M. - Research concerning the behaviour of some late cabbage hybrids in field conditions at the Didactic and Research Station in Timisoara (Romania)	197
Săman (Zimța) Anca, Lăzureanu A. - The Impact of Soil Maintaining Systems upon Jonathan Variety Apples' Quality, in Conditions of Timișoara	201
Săman (Zimța) Anca, Lăzureanu A. - The Impact of some Agrotechnical Works upon Two Apple Varieties' Quality cultivated in Conditions of the Didactic Station Timișoara	206
Zaharia A., Balcău Simina-Laura, Cicevan Raluca, Horț Denisa, Zaharia D., Buta Erszebet - The Study of Six Tulip Cultivars for Establishing Their Landscaping Value	212
Velicevici Giancarla, Madosă E., Ciulca S., Șumălan R., Coradini R., Crețescu Iuliana, Mălăescu Mihaela, Lazar A. - Analysis of excised leaves water loss in winter barley	217
Velicevici Giancarla, Madosă E., Ciulca S., Coradini R., Crețescu Iuliana, Mălăescu Mihaela, Lazar A. - Influence of water stress on the chlorophyll content in barley	223
Blidariu C., Sala F. - Variation of some vegetation and crop indicators through guided nutrition in grapevine	229
Gorinoiu Gabriela, Danci M., Madoșa E., Agapie Alina Laura, Pătrui O., Tarjoc F.C. - Aspects concerning the variability of certain quantitative characters at the level of an assortment of mustard plants under experiment in conditions created at ARDS Lovrin	234
Lapadatescu Simona, Petolescu Cerasela, Furdi Florina, Lazar A., Velicevici Giancarla, Danci M., Bala Maria - In vitro regeneration of <i>Crocus sativus</i> L.	244
Lapadatescu Simona, Petolescu Cerasela, Lazar A., Velicevici Giancarla, Danci M., Bala Maria - Experimental results concerning plantlets vitrification in <i>Dianthus caryophyllus</i>	248
Măguran Beatrice Iuliana - The Impact of Chemical Thinning with Ethrel upon the Productivity of Two Peach Varieties Cultivated in Periam, Timis County	252
Măguran Beatrice Iuliana - The Impact of Chemical Thinning with Ethrel upon the Productivity of Two Nectarine Varieties in Conditions of the Western Part of Romania	256
Merce O., Biriș I. A., Turcu D. O., Cântar I. C., Cadar N. - Specific management measures for the forest habitat 9180*	260
Merce O. - Specific management measures for the forest habitats 9410 and 9420	264
Popescu Sorina, Boldura Oana Maria - Fungal infection evaluation for different ecological products	268

Popescu Sorina, Boldura Oana Maria, Lazăr A., Ursu C. - The assessment of the variability induced by tissue culture to <i>Cymbidium sp.</i> using RAPD markers	273
Sarac N., Nedelea G. - Estimation of gene actions and genetic parameters for ear yield in maize	277
Sarac N., Nedelea G. - Study of inheritance for ear length in maize using diallel analysis	281
Sasu Lavinia, Madoșă E., Velicevici Giancarla, Ciulca S., Avădanei C., Gorinoiu Gabriela - Studies regarding correlations between the main morphological traits in a collection of bell pepper (<i>Capsicum annuum</i> var, <i>grossum</i>) local landraces	285
Sasu Lavinia, Madoșă E., Velicevici Giancarla, Ciulca S., Gorinoiu Gabriela - Studies regarding the behavior of some winter barley genotypes to <i>Ustilago nuda</i> f.sp. <i>hordei</i> attack	290
Petre (Sulugiu) Camelia, Carciu G. - Dynamics of Weeding of Winter Wheat and Grain Maize in Western Caras-Severin County, Romania	294
Varzaru Simona, Ciulca S. - Analysis of gene effects for grains traits in winter barley	299
Varzaru Simona, Ciulca S. - Analysis of the breeding potential for harvest index in winter barley hybrids	303
Chiriches T. - Aspects regarding the management of forest from Timiș County that are hosting threatened, endangered or endemic species, and are not included in protected areas	307
Chiriches T. - A practical method to develop management measures for the High Conservation Value Forests. Case study: Timiș Forest Directorate	321
Ursu P., Berar V., Poșta Gh. - Studies concerning the influence of genotype and planting density on some morphological characters in an assortment of paprika pepper cultivars grown in solarium type	342
Ursu P., Berar V., Poșta Gh. - Studies regarding the evaluation of the interaction between genotype x technological factors in the case of some morphological and production characters at paprika pepper cultivated in solarium type	348
Șimonea Luciana, Șumălan R. - Phenotypic diversity evaluation of bean traits, belonging to some common bean landraces from Caras-Severin	353
Banu C., Moatăr Mihaela, Ștefan Carolina, Banu T., Stanciu S. - Research on the temperatures, in 2010-2012, in the Municipality of Timișoara and their effect crop protection forest curtain "Technology park alternative energy and photovoltaic park" from Covaci, Timiș County	359
Banu C., Banu T., Moatăr Mihaela, Ștefan Carolina, Banu T., Stanciu S. - Research on the evolution of the precipitations in period 2010-2012 in the Municipality of Timișoara and their effect crop protection forest curtain "Technology park alternative energy and photovoltaic park" from Covaci, Timiș County	364
Colțan O. N., Ciolac Valeria, Nistor Eleonora - Contributions to the achievement network Siria – Ghioroc – Bârsa using modern technology	369
Colțan O. N., Ciolac Valeria, Nistor Eleonora - Using the modern technology for land records in Ghioroc, Arad County	373

Hac P.A., Borlea Gh. F., Popescu Iuliana - Galls most used for tanning in Romania - <i>Andricus hungaricus</i> and <i>Andricus quercuscalicis</i> : tannin level comparison	376
Pop A.V., Ciulca S. - Phenotypic variability of pod traits in dry bean genotypes from Romania	380
Popescu Sofia, Furdi Florina, Andronescu Amalia, Bordean Despina, Velciov Ariana, Velicevici Giancarla, Petolescu Cerasela, Botau Dorica - Biochemical variability in several tomato varieties fruits	386
Barbir C. F. - The confirmation of the natural forest type in stands from Podu Iloaiei Forest District (Iași County Forest Administration) a source of positive externalities for neighboring rural communities	389
