

Table of Contents

Senthilmurugan G. - Angiospermic flora studies from B.S. Abdur Rahman University campus	1
Enache V., Baci A.A. - Influence of temperature in dormancy period on fruit buds of some stone fruit tree species	17
Milica Dima, Mihaela Croitoru, Reta Drăghici, Emilia Constantinescu - Viviana- a new variety of peanut obtained on sandy soils	24
Croitoru Mihaela, Diaconu Aurelia, Dima Milica - Researches regarding the influence of climate change on the quality of potato tubers in the conditions of sandy soils of southern Oltenia	27
Gocan Tincuța Marta, Andreica Ileana, Butuza Bumb Susana Felicia, Lazăr V., Rozsa S. - Some aspects for obtaining natural fruit juices based on carrots	34
Popa Monica, Tican Andreea, Cioloca Mihaela - Producing potato microtubers under the effect of food colorant	38
Rățoi I., Croitoru Mihaela, Vladu Cristina Emanuela - Research on tolerance to main diseases of grape vines for white wines of 2014 year under vineyards from southern Oltenia	43
Urcan Delia Elena, Pop Nastasia, Rolle L., Bora F.D. - Importance of grape phenols in the human diet	46
Jakab-Ilyefalvi,Zs. - Light microscopy of apple powdery mildew (<i>Podosphaera leucotricha</i>) and influence of climatic conditions on primary infections in nursery and orchard	51
Bițică Ana Raluca - The influence of harvesting time on the expression of kernel anthocyanin coloration in maize haploid production	56
Boja N., Boja F., Vidrean D. Teușdea A.C. - Aspects regarding the usage of ground augers in the forestry sector	61
Camen D., Nistor Eleonora, Nicolae I., Dobrei A., Dragomir Carmen, Dobrei Alina, Sala F. - Characterisation of drought stress tolerance of some tomatoes ecotypes based on foliar physiological parameters	71
Ciupureanu (Novac) Mihaela Gabriela, Popa Daniela Valentina,Ciuciuc Elena, Pintilie I., Dinu Maria - Production characteristics of a watermelon variety grown under the pedoclimatic conditions of Southern Oltenia	78
Dămureanu Andreea Ionela, Baci A.A., Croitoru Mihaela - The influence of climatic change of the past years on peach species grown in the southern Region of Oltenia	83

Dobre Steliana Paula - Protein content and TKW stability in a set of DH mutated/recombinant wheat lines	90
Bunta Gh., Bucurean Elena, Panda Anca Ofelia, Toma I., Pițu S. - Study regarding the relationship between genotypes, diseases attack, yield and quality in winter wheat	97
Bunta Gh., Cosma Corina, Bucurean Elena, Gorinoiu Gabriela, Pițu S. - Researches regarding the relationship between yield, variety, diseases attack and quality in winter wheat in north-west of Romania	105
Popescu Al., Popescu Mihaela, Soare Rodica, Soare M. - Allergic rhinitis and the weeds pollen sensitization – clinical case presentation	113
Rózsa S., Măniutiu D.N., Gocan Tincuta Marta, David Stela, Butuza Bumb Felicia Suzana - Dynamic of the <i>Agaricus blazei</i> Murrill mushroom mycelium growth	120
Rózsa S., Măniutiu D.N., Gocan Tincuta Marta, David Stela, Butuza Bumb Felicia Suzana - Research on the biology of the <i>Agaricus blazei</i> Murrill mushroom mycelium	123
Butuza Bumb Susana Felicia, Luca E., Gocan Tincuța Marta, Hoble Adela, Cioancă B. - Studies regarding the production of irrigated onion crop in Mihai Viteazu area, Cluj county	127
Butuza Bumb Susana Felicia, Luca E., Gocan Tincuta Marta, Rozsa S. - Morphological and physico-chemical aspects upon the onion crop, in Mihai Viteazu area, Cluj county, the average of the years 2014-2015	130
Costea (Murgu) Viorica Adriana, Iordănescu Olimpia Alina - The behavior of some peach tree varieties belonging to the world collections concerning growing and fructification phenophases	136
Moatăr Mihaela, Ștefan Carolina, Dragomir P., Banu C., Mariș C., Stanciu S. - The general methodology of developing technological solutions in forestry	140
Moatăr Mihaela, Ștefan Carolina, Stanciu S. - Study regarding the forest community and the changes in the ecosystem	144
